III: On the Brand-new “Euro”: that “Irredeemably” “jewish,” Goldless, Imperial, SuperNazi Debt-Token, Monopoly-Money	1
Introduction	1
On Covertly Manipulating the “Fractional” “Golden” “Basis” and “Backing” % of this ever-Variable and Unstable (Debt-“Paper-Gold”) “Euro”	14
Europa and her “Beastly” Seducer, Misleader and Traducer	21
My Dear Europa,	27

* * * * *

Introduction

I’m told the brand new “euro” paper-money is 15 to 30% “golden” or “gold-backed.”) But what does this mean? Exactly how much gold is in a euro, anyway? Or how many golden grains “back” each euro? (Or are these questions and answers to be “state secrets”—like the ownership of the new European “central bank” and their annual profits?)

But one thing is deductible: If this brand-new “euro” is really 15 to 30% “golden,” then by simple subtraction it is really 70 to 85% pure-paper or token-money. (For “token” means not gold or silver.) And because it is 100% “irredeemable” or unconvertible (into gold), therefore it is 100% token or paper-money.

But is it a debt- or a debt-free token money? It is loaned or spent into existence or circulation? That is the question?

Note, dear European, how “your” “central” bankster (or rather his “central” mouthpiece) never answers this question, and perhaps even pretends not to understand it. And so perhaps I’m not being clear enough for any such official to publicly continue to pretend not to understand such a simple question.

And I understand this new “euro” is irredeemably “golden.”

But how can any money be “irredeemably golden”? How can anything be golden and yet not golden? Or how can water not be wet? It clearly can’t. “Irredeemable” paper-money is merely paper-money? But it is debt- or debt-free paper-money? That remains the question, which I shall attempt to answer.

* * * * *

As aforesaid, “precious” metals are scarce, and hard to find (“prospect” or mine), and therefore expensive to buy to make “specie” coins. But base metals are plentiful and therefore cheap—again according to the natural “law” of supply and demand. And paper is the cheapest of all token-money.

(Now I myself possess plenty of paper, but little to no paper-money. Why is that, dear reader? Is it not because I lack the royal or kingly power to coin or print money?—a royal power now possessed by “central banking” corporations, which are therefore our current national crowns and thrones, “royal” scepters and seals, and whose anonymous and unliable corporate owners are therefore our current kings, royal families and dynasties.

But for how much longer shall “we the people” be thus subjected by the currently reigning imperial, super-national or SuperNazi “beast,” and to its/their “mark of the beast” or monopoly-money? (Apo./Rev. 13:11-18)

* * *

Meyer Amschel Bauer (1743—1812), a.k.a. Rothschild (“Red Shield”), was a patriarchal demon seed of an anti-Christ or “jewish” breed of SuperNazi war-mongers, subversives, revolutionaries, mass-murderers, assassins, regicides and usurpers of Gentile kings and their heirs. And hence the dark and super-nasty reign of “Rothschilds” fell over Europe, Amerika and elsewhere: corporate family dynasties of money-creating, anti-Christian “jewish” bankster-kings, anonymously and irresponsibly concealed under their royal or “central” corporate crowns.

This red patriarch Bauer was once reported to have said, “Let me issue and control a nation’s money and I care not who writes the laws.”—(i.e. that nation’s laws). And this was no empty boast, but a loaded fact and reality. For he who accepts or takes the money (be he king or president) is servant to he who creates or makes the money (be he king or “central” bankster). For the money power is king, supreme, royal. And so this money power trumps, masters and owns all things which money can possibly buy: e.g. mass-media (radio, T.V., publishing houses); and political elections of treacherous, prostituted presidents and Parliaments purchasable by the highest bidder, the bidder with the deepest pockets or the most money to bid, which is surely the money-power, the money-creator, the real and true crown and king.

It is quipped that “The Golden Rule is that he who has the gold makes the rules.”

And this was once true. And this presupposes that gold (money) is king. But now in most kingdoms or states paper (money) is king. For the rules are presently dictated by “jewish” “central” banksters who privately print and “publicly” lend their “beastly” debt-paper monopoly-money to all the Gentile nations thus fallen under the darkness of their evil “royal” “mark(s)” or “central” “stamp(s).”

And this “jewish” monetary regression historically went from gold (or silver) coins to “paper-gold” money to purely paper-money. And the latter two were debt-paper monopoly-moneys loaned by “jewish” “central” banksters to Gentile nations or publics, via official Gentile traitors enemies in public offices: presidents, parliaments, supreme courts, etc.

And methinks the brand-new “euro” is an evil, bastard hybrid lying between these two “jew” debt-paper moneys, and much closer to the latter, pure-paper brand of monetary death.

* * * * *

And so the money-creating power is supreme, “royal” or king over its realm, kingdom or state.

One upon a time, Gentile European kings would mint “specie” coins with their own royal stamp or mark for circulation throughout their kingdoms.

But now all money is merely token money, political money, cheap-metal or paper money. But if this modern monetary crown, throne or king **lends** his token-money to his subjects, then

he is truly of the “beastly” “mark” or Satanic “stamp” of the anti-Christ, SuperNazi house of “Redshield.”

But if not, then not. And **not** (i.e. debt-free token money) is infinitely better, and may even be honest (ample, stable, non-monopolistic), benevolent, and a true public service. Which kind or “species” of token money would you recommend, dear reader? That of the Gentile or the “jew”? Of God or of Satan? (John 8:44) For all fruit is and must be of its tree.

* * * * *

But the reigning “central” bankster” (or king) is of the Satanic “Rothschild” mold, cabal and corporate dynasty. He prints and lends all the money (i.e. debt-token monopoly-money) extant or circulating within his national (or international—see Europe) realm, state, or kingdom. And so all banks, businesses and citizens use only his money. His “central” bank lends directly (at his dictated “prime [or first] interest rate”) to his national puppet government and to the “commercial” banks within his national realm. And these banks then add their own extra “interest” “points” or percentages to thus make a profit on all loans (of the “central” banksters debt-tokens) which they then directly lend (again, at their “secondary” and profitable interest rate) to the citizens of the nation—either individually or in groups (partnerships or corporations).

And so the citizens borrow directly from these “commercial” banks, but indirectly and ultimately from the “central bank”—from which all the nation’s (debt-token, monopoly-) money comes. And that’s not all commercial bankers do. They also (out of nothing but their mere decree and predatory moral depravity) create and lend false and imaginary money (called “credit” or bank-ledger money) to their borrowers—demanding actual tokens (plus “interest”) in return or else the “collateral” pledged to obtain the loan (of nothing but “bank credit”). And so this banking scam or usurer swindle is the same as those banksters who formerly lent out “paper-gold” money and demanded real and true gold (plus “interest”) in return. It is demanding real value (plus “interest”) for no value at all, and hence is fraud, theft, even “foreclosed” robbery. And all this banker evil, predation and swindling of the public is “legal” because the “public servants” (presidents, treasurers, parliaments, “supreme” courts, etc.) of the Gentile nations are in fact public enemies in secret league with these predatory “jewish” banksters.

And so “commercial” bankers are usurious thieves, swindlers and robbers. And they are subordinate brothers-in-crime in dark league with the “central” bankers, from whom they get their monopoly-money, upon which “fraction” they “base” their multiples of “credit” money. Again it is as if the “central” banksters supply the “gold” upon which “fraction” the “commercial” banksters “base” their multiples of “paper-gold,” which they then lend to the Gentile public, demanding real “gold” (plus “interest”) in return. And so these two banksters are partners in crime, and aside from being of one and the same evil “jewish” spirit and origin, they may even be one and the same “jew.”

Yes, dear reader, I’ll bet you these “central” banksters, (these anonymous, hidden, concealed and unknown owners of the “central banks,” the royal money-crowns of Gentile nation-states), are also the (known) owners of the leading or biggest “commercial banks” within these “jew”-swindled and entrapped Gentile nations, “legally” damned by traitorous “public servants” into using this God-damned, “jewish,” debt-token monopoly-money, both “central” and “commercial,” and thus “legally” cast into unpayable pits of national-debt. And so to find the hidden identities of these “central” banks(ters), (who again are the corporate crowns and kings of the Gentile states, and hence not only the dictators of national law, but far above the law, and who therefore need never reveal their identities to the public (their subjects), nor to any “public servants” (their loyal officials, “royal” appointees or “central” nominees), nor the inner-workings, records, profits and ownership of their sovereign corporation, their “central” bank), look at the known ownership (or “controlling interests”) of your nation’s largest “commercial” banking corps. For these are “public records” supposedly open to all citizens for public inspection, information, scrutiny. Find the personal identities of these largest “commercial” banksters, and check out their past tax returns, and hence their past declarations of their entire property ownership, to see what’s there (or else not there) to see of any “central” bank “interest.”

* * * * *

Meet the new “central” “European” banksters: Same as the old “central” “European” banksters (of England, France, Germany, etc.). Is this not so? Or don't we know?

And why haven't they publicly introduced or shown themselves? Why haven't the “royal” or “central” yet corporately concealed owners of this brand new, debt-token, monopoly-money “euro” publicly introduced or shown themselves to their brand new (or rather old) European subjects?

(For the very same reason they never did before? Because Darkness hates Light like “jews” and other predatory, blood-sucking vampires hate God, crucifixes and holy water?) (John 3:18-21)

Are the new (or rather old) European “royals” shy? Or are they ashamed and fearful of the light and the truth about themselves, their dark Satanic past, their war-mongering, mass-murdering, regicidal, “revolutionary” and usurpatious history, and their extremely evil, false and fraudulent money—whether their “paper-gold” or their debt-token monopoly money? And of which particular kind or species of fraudulence is their brand-new “euro”?

That's my guess why they don't reveal themselves, or shout their “royal,” “central” names from the parliamentary mountaintops, although they've never personally told me as much, as they never invite the likes of me to their (Bilderberg, Trilateral Commission or Jew N.) convocations or parties, and thus give me the opportunity to directly ask “Lord Rothschild” and company of cousins why they corporately conceal their “central” identity or “royal” majesty.

(Hence my indirect public letter below. For what does what one can, and one must make do, alas, with whatever poor means or tools one has.)

And why **not** invite me to their SuperNazi bankster parties? Am I not promising or useful enough means or material for their dark and evil ends, their “messianic” or Satanic purposes? Am I too Gentile or Christian or something? Am I not sociopathic, psychopathic, predatory, conscienceless, Satanic or “jewish” enough for them and their SuperNazi bankster party? (For a tool and its purpose are closely related.)

“Discrimination!!” “Discrimination!!” “Whaaaaaaah!!” “Whaaaaaaah!!”

And why is there no “affirmative action” in “central banking”? Or why can't Gentiles be “central” banksters too? Are we not predatory, deceitful and demonic enough to even have imagined so evil a money as their father's and theirs? (John 8:44 & Apo./Rev. 13:4-8 & :11-18)

* * * * *

A debt-token monopoly-money (of which the aforementioned “paper-gold” was the first incarnation or prototype) must (via the laws of its own beastly, predatory nature) inevitably “inflate” “itself” into total worthlessness.

And if honest (debt-free, ample, stable, non-monopoly) token money were outlawed from the face of the earth by (who else but?) the Devil's “messianic,” imperialistic or “beastly” “chosen people,” and if the Gentile world were confronted with two such rival debt-token, monopoly-money “fiats” as the “jewish”-Amerikan “dollar” and the “jewish”-European “euro,” the world would naturally, selfishly, self-providently choose the lesser of the two monetary evils. But which is that?

Initially, in 2000, the “euro” was worth $\frac{3}{4}$ of a “dollar” or \$.75. But now, in 2004, the “euro” is worth $1\frac{1}{4}$ “dollars” or \$1.25. So go figure which debt-token “money” the world prefers to use, to bank on or invest in.

Buy why?

For one thing, the Europeans have only recently begun to dig that bottomless pit of “national debt” which the Amerikans have been diligently digging for themselves (or rather for their SuperNazi “jewish” monetary/political/economic masters) since 1913. And this was (and yet is) all done by virtue (or rather vice) of that “jewish” debt-token monopoly-money which Amerikans have been (“centrally,” “legally,” presidentially, congressionally and “supremely judicially”) collectively forced to borrow and use (by and via their traitorous, “jewish” “representatives”) since that very dark time (1913). (See “jewish”-Amerikan president Woodrow Wilson and his “Federal Reserve Act.”)

And so all one need do is compare the national (or rather the super-national or imperial) debt of the Europeans with that of the Amerikans, and also each empire's annual “trade deficit,”

and you’ll clearly see which “fiat” paper-money is the far better investment value of the two (supernational, imperial or “beastly”) monetary evils. (No contest, in fact.)

But both monopolistic “jewish” debt-tokens are headed for “jewish” hell on earth—into the bottomless pit of absolutely unpayable national (or rather imperial) indebtedness. It’s just that the Amerikans are already there, and have been for decades. Simply consider: What is the total present imperial debt of the “jewish” Amerikan empire? It’s astronomical, titanic, seemingly limitless, and unpayable several times over. Or how many more times or multiples of national debt-tokens (“dollars”) do the “jewish” Amerikans allegedly owe their “jewish” “central” banksters THAN EVEN EXIST—and not merely in Amerika, but all over God’s globe and/or “jewish”-Amerika’s supernational or SupeNazi, imperial or “beastly” world? For such is the “beastly” nature of the “jewish” debt-token: whether the “dollar” or the “euro,” and both “dollar” and the “euro.” Is this not so?

* * * * *

(“But the “Euros” say theirs is a “golden” paper-money. [Now where on earth have I heard that one before?—Ed.] So perhaps that is why it is preferred by the world before or over the American dollar.”)

And yet this allegedly “golden” “euro” is not “redeemable,” not exchangeable, not convertible into gold! In that case, what’s “golden” about it?

(“It has a fractional golden backing?”)

Again, am I experiencing a “deja vu”? Or does this “beastly,” SuperNazi “jew” never really change his predatory spots?

* * * * *

And so we see a “fractionally” gold-backed currency (i.e. “paper-gold”) may occasionally or for a short while be “redeemable” or convertible into gold (as within “jewish”-Amerika from 1913-33), or else it may never be convertible at all (as in Europe), even from its very beginning, even from its black birth or dark “jewish” genesis.

For such again is the case with this brand new “euro”—which proclaims itself (or is reported to be) from 15 to 30% “gold-backed” or “golden.”

What does this “golden” variation mean or portend but that the corporately masked, “central” bankster masters, creators and lenders of this “irredeemable” paper-“euro” intend, at the very least, to change, to vary, to fluctuate or oscillate (i.e. to manipulate) their brand-new “golden”-paper or “paper-gold” from 3.3 (times 30) to 6.66 times (15) its (“centrally” alleged) “fraction” of “golden” “backing.” And hence expect monetary manipulation, “inflation” and “deflation” by the “royal” or “central” masters of this brand-new “euro.” So look out!

* * * * *

And just do the math, dear European: This 15 to 30% “gold-backed” or “golden” paper-money is therefore a 70 to 85% paper-paper money or **token**-money.

Furthermore, if this “golden” “euro” is not convertible (into gold) or “irredeemable” (and it is), then surely, and by definition, it is **100% token** or non-“specie” (gold or silver).

And because this new “euro” is a dictated, “legislated” or “legal” monopoly-money, and a “crime” to refuse or not to use, therefore it is a “fiat” or “command” money. And so this new “euro” is a **monopoly** token-money.

And, worst of all, is this “euro” not a **debt**-token, monopoly-money?

(If it’s truly “jewish,” how could it not be? Or how could any “jewish” fruit not be of Satan’s poisonous tree? (John 8:44 & Genesis 3:))

And so the “euro” is exactly like the “jewish”-Amerikan “dollar,” the worst possible kind or species of “money,” conceived and perpetrated by the worst possible kind or species of humans. (John 8:44)

* * * * *

And again this new, “jew,” monopoly or “fiat,” debt-paper-money “euro,” (allegedly golden... “fractionally” from 15 to 30%), is even from its very beginning entirely irredeemable, unconvertible

or ungolden! What does this monetary riddle mean or portend? How can something be “fractionally” golden and not yet at all golden?

Let’s ask its two-faced, two-tongued, supernatural or SuperNazi, “beastly” or imperial, Satanic or “messianic” creator and perpetrator: What’s its name or number again? (Apo./Rev. 13:11-18)

“Kindly explain your “euro” to us, “Lord Rothschild”/RedShield and company of cousins—you “European” (really “jewish” and anti-Christ) cabal of “central” banksters—you corporately concealed “messianic” or Satanic king, crown and dynasty reigning over my poor, “jew”-deceived, “jew”-invaded, “jew”-conquered, “jew”-brutalized, “jew”-ravished, “jew”-mass-murdered, “jew”-terrorized and “jew”-occupied Europa !

“Surely your brand-new “euro” is in reality a debt-token, monopoly-money!? For again all your fruit is and must be of you and your father’s evil tree!

“Your “paper-gold” was a great wonder in itself! How you **seemed** to make divine fire or lightening come down from God’s Heaven to thus **apparently** alchemize or “transubstantiate” your worthless, fraudulent paper into gold—(as the anti-Christ Romans sanctimoniously and blasphemously pretended to transform their wafers into their idolatrous wafer-god(s)!) What magic power you **seemed** to possess!—not to really and truly transform matter or reality, but merely to make it **seem** transformed by making your paper **seem** golden, your lies **seem** true, your promising I.O.U.’s **seem** genuine, honest, legitimate; your monetary illusions or sorceries **seem** trustworthy, your poisonous “remedies” **seem** medicinal, your cinematic illusions **seem** realistic, and your Satanic and racist slanders, persecutions and mass-murders of Godly Europeans or “the best of the Gentiles” **seem** (via your atrocious Holofoax slanders) to be just retribution!

“(But by God’s Truth and Light we shall see who owes who what!)

“Surely your demonic power to (monetarily, cinematically and literally) delude, deceive and trick the nations, the Gentiles, is from your father, your progenitor, your patriarch, your creator and prototype! (John 8:44) What’s Its name again? It is the Enemy, the Adversary, the Slanderer and the Murderer.

“And now we Gentile nations behold you and your father’s latest “creation”: unconvertible or “irredeemable” “paper gold”—which therefore cannot at any time be exchanged for any real or true gold! Gold, and yet not really gold, but always and everywhere mere “paper-gold”?! How very contradictory, paradoxical, impossible, incredible, absurd and ridiculous! How very unreal, non-existent, false, fictional and fraudulent! And last but not least, but first and foremost: how very, very “jewish”!

And do you and your “central” cousins not **loan** this paper-money of yours to the Gentile nations via your loyal nominees and appointees within your “public” offices: your presidents, prime ministers, parliaments, “supreme justices,” treasurers, etc.? And do you and your “public servants” not make it a crime for these Gentile subjects of yours to use any another money than your own? And so this brand-new “euro” of yours is a debt-token, monopoly-money, exactly like your “American” “dollar”!

“And so what’s even more irredeemable than your fraudulent, “golden” “money” untrue, you “beastly,” “messianic,” SuperNazi “jew,” is your God-damned banker-cousins and you.”

* * * * *

And dear European-Christian cousins, please consider: If the “paper-gold” “euro” of “your” present “royal” or “central” (although not “aristo”) money-creators and masters is **not** redeemable or convertible (into gold), as indeed it isn’t, then what is the “central” point and purpose (of “your” reigning “jewish” dynasty) in thus proclaiming “fractional” gold-“backing” for this brand-new, debt-paper, monopoly-money “euro” of theirs?

It is not to excuse its being “centrally” lent instead of publicly spent into existence? For one does not give gold away. But paper or cheap metal are cheap to print or stamp as public money.

But the “euro,” like the “dollar,” is nothing but “irredeemable” paper. You cannot exchange it for gold anytime or anywhere—least of all at the “European central bank.” And so these “euro” banksters are pretending their debt-token, monopoly-money is golden to explain, excuse or pseudo-justify its being (“centrally”) lent instead of (publicly) spent into existence and circulation. (Can you see that, dear reader?)

And is it not also to deceive you, dear European, and all the Gentile world besides, into crediting this brand-new (debt-token, monopoly) money of theirs with trustworthiness? To trick you into accepting it?—into credulously believing or trusting that their monetary “inflation” shall be limited to from 3.33 (at 30% gold “backing”) to 6.66 (at 15%) times the (**ever-variable, ever-fluctuating, ever-changing, unstable, and manipulable**) gold “reserves” allegedly held by “your” “central” banksters?

But how do you, dear European, even know at any particular time how much gold your “central bank corporation” really holds or “hoards”? In other words, how can you ever possibly know exactly how irredeemably “golden” “your” “central” banksters’ debt-paper-money is? Surely you can’t! You must either accept their corporate word for it, or not. You must either believe, trust or credit their paper-money as golden, or not! But even if you do not believe, dear European, you must by “central” European Law or dictate accept and use their “fiat” or monopoly money. (Indeed, how can any of us “royal” subjects of “our” “central” crowns ever verify if our corporately masked kings or dynasties own, hold, possess or “hoard” any gold at all to “back” up their debt-paper, monopoly-money?)

“Ah, but true faith, by definition, is the absence of verification!”

“Yes, but faith is for God or for absolute truth. In other words, false faith is faith in anything other than God or the truth. Why then ever worship the ‘royal,’ ‘central’ or ‘messianic’ ‘jew’ as well-intentioned, divine, infallible or true?”

(And if you don’t believe or credit your “central” banksters’ new “euro,” how then can you escape it, and get honest money for sure-o?)

* * * * *

Formerly, when their “paper- from” protocol #5 of the Satanic “jewish plot against humanity gold” (their paper-promises to pay so much weighted and coined gold “upon demand”) was actually “redeemable,” the banksters were limited in its creation and circulation, its printing and lending by the precise amount of gold they had on hand to pay (“upon demand”). In other words, due to fear of sudden, unexpected and popular demands for gold by the holders or “bearers” of their “paper-gold,” (their paper-promises to pay gold “to the bearer[s] upon demand”), the banksters could safely print and lend out, create and circulate only so much “golden” paper-money, or only so many paper-promises to pay gold coins “upon demand.”

(But surely each and every piece of “paper-gold” in excess of actual gold pieces or coins is too much.)

In other words, deceptive, thieving and/or fraudulent banksters were formerly limited in their monetary deceits, thefts and fraudulence not by their fraction of golden honesty, but by their “golden”-paper’s fraudulent practicality. For they could safely print and lend only so many “golden” paper-frauds. For again their realistic fear of popular “panics” or public “bank runs”—(wherein the public would run to the bank(s) to exchange their “golden” paper-promises for the promised gold before the banksters ran out of it—their golden “fraction”—and hence before their “paper-gold” became officially, admittedly, legally worthless—which repeatedly happened), usually kept the banksters from creating and circulating or printing and lending out too much “paper-gold” to possibly “redeem.”

So there used to be practical golden limits to the monetary deceits, thefts and frauds of banksters. (And this is naturally true of all “redeemable” or specie-convertible money.) As long as their “paper-gold” was legally “redeemable,” it used to be possible for banksters to become too fraudulent. (But not any more. The “European” “central” banksters have seen to that. And so we see what they have done.)

For in this brand-new, pure-paper “euro,” this practical, “fractional,” golden limitation (against the limitless printability or “inflatability” of paper-money—against limitless bankster

fraud) has from the very start been removed by the debt-token's absolute "irredeemability" or nonconvertibility. What then, dear European, shall limit "your" "euro's" printability, lendability and "inflatability"? What shall prevent or retard its inevitable and infinite "inflatability" into worthlessness? (The honesty of your "central" banksters, perhaps? Don't count on it.)

What honesty? You (we) don't even know who they are! For they have corporately masked and concealed themselves! And they are corporately irresponsible and unliable for all the limitless evils they are now poised to do to you and yours. And your elected or appointed "public servants" will never inform you who "your" "central" banksters are, even if they knew. For they are the banksters' purchased agents, and your official public enemies in "public" office, who wouldn't be in those positions if they weren't.

And besides, "your" "central" banksters don't even want you to know they exist, dear European! Is this not so? Or would they like you to know that they are (or their "central bank" is) a privately-owned, "for profit" corporation? And if so, why haven't they told you so? For surely they have easy access to (if not ownership of) "your" mass-media and "public officials"!

And least of all do they want you to understand their "money," and hence themselves! (For all fruit must necessarily be of its tree: demonic, Satanic, mediocre or Godly.—(Matt. 7:16-20, 12:33-35 & John 8:44)

* * * * *

And so is the European citizen to believe, trust or credit this brand-new irredeemable "euro" with golden value simply because its anonymous "central" banker-creators, printers and lenders have declared it to be so (via their "royal" heralds, their "public servants," their officially traitorous mouthpieces)? And because they, like their Satanic brothers in "Jew York" and/or George "Washington D.C." cannot possibly tell a lie, since they are so incredibly honest, trustworthy and true "jews"? (But is that not an oxymoron, a contradiction in terms?—John 8:44)

We simply can't verify or deny every "central" liar's lie. (E.G. it took us years to discover the entire untruth about their "Holocaust" slander of the Germans and other good, Godly, patriotic, nationalistic, anti-Marxist, anti-communist, anti-"jewish," anti-Satanist or anti-anti-Christ Europeans. And we Gentiles have other things to do with our lives besides tracking down these endless, continuous, poisonous "jewish" lies.)

If "once, shame on you," perfidious "jew," but if "twice, shame on me," gullible Gentile, for once again foolishly trusting this son of the father of lies. (John 8:44)

And so the Europeans can't possibly know how much **fluctuating** gold "their" "central"-bankster "jew" holds at the moment or in future. They can't verify his golden claims. They don't have access to his ill-gotten hoards, and they can't trust his "central" agents—especially "their" continental parliament which legislatively inaugurated and enthroned this corporate, "central" bankster king and dynasty.

And as with this anti-Christ's "Hollowhoax," we lowly Gentiles are simply expected (and even commanded) by his "central" "jewish" majesty to take his "royal," "messianic" or Satanic word for anything and everything as if it were God's truth—as if his words were God's "good news," and hence as if it were depravity or blasphemy to ever doubt, disbelieve or discredit them.

For it is the nature, character and practice of Satan and Its spawn to thus assume or usurp God's place, authority and throne. (See the anti-Christ demons of Jew York City, Washington Jerusalem and/or Rome.)

And many evil or Satanic Gentiles, (and especially traitorous "public servants" or public enemies in "public" offices), worship and obey these "centrally"-enthroned, anti-Christ bankster-"jews" as if they were God Himself. But the rest of us Gentiles simply cannot afford to thus damn our lives, bodies and souls; or allow others to do so—"public servants" e.g.); or to foolishly trust, credit and believe any and all such bogus claims of honesty, truthfulness, credibility and trustworthiness "centrally" issued or "royally" decreed by "our" monetary crowns, "our" political/economic kings, or "our" corporately masked, anonymous, unliable and dynastic "royals."

(Methinks, dear reader, it’s just about time for a genuine anti-royalist or libertarian “revolution.” And what then instead of “our” corporate, anonymous, “royal,” “central,” dynastic “jewish” monetary masters? Honest money and our sovereign selves?)

* * * * *

Heck, our corporately-masked “central” banksters won’t even tell us who in hell they are! How can this glaring omission of “our” “royal families” possibly inspire our confidence in them, in their alleged honesty, benevolence, trustworthiness, etc.? Is that a sure sign of honesty, fidelity or propriety, dear reader, that your “royal family” wears a corporate mask of anonymity and irresponsibility to both hide their “jewish” identity and to escape all liability for all the (monetary/economic/political) evils they deliberately perpetrate upon Gentile humanity? What’s wrong, dear reader, with “your” “royal” family’s dynastic portrait with their names and their faces thus “centrally” blocked out?

Do bank robbers not also conceal their faces to likewise escape public detection, responsibility and punishment? And surely “central” banksters are far bigger bank robbers with therefore far greater reason to hide their faces and identities from popular knowledge and the light of day.

In truth, dear reader, the “regal” or dynastic ownership of “your” “central” bank’s corporate stock is the biggest and best-kept state-secret of all. And why? Because “your” “central bank” is the greatest state sin or governmental evil of all. And also because “The [‘public’-Ed.] borrower is servant to the [‘central’ (bankster)-Ed.] lender.” (Proverbs 22:7) And therefore your state (i.e. the highest “public” officials of “your” national puppet-gov’t: “your” traitorous president, treasurer, parliament, etc.) probably doesn’t/don’t even know who their owners, money-masters or “central” bankster are. And they surely wouldn’t tell you or I if they did. For they are not our “public servants,” but theirs. They are our public enemies in our public offices. And that’s both a national comedy and a tragedy. What a political joke and abomination is such a government and such a nation!

Just try it: Just ask your almighty president or prime minister, your parliament, your “supreme court justice(s),” your treasurer, your taxman or your “securities and [stock] exchange commissioner” exactly who owns your state’s “central” bank or “central banking corporation,” and exactly how much they have profited annually since its legislative inception or parliamentary inauguration. And note how you receive no true answer. “Your” highest “public servants” may even deny that your state’s “central” banking corporation is privately-owned at all, or operated for-profit. But they’d either be mistaken or lying, and hence either official fools in public office or public enemies in public office. And so both need to be publicly removed a.s.a.p.

Yes such “public” officials must either be ignorant dupes, buffoons and (monetary/political) fools—and therefore should never, ever be or have been in any higher positions of public trust, office or power. Or else they are knowledgeable, deliberate, secretive, co-conspirators with the “central” banksters, and therefore the official hirelings, servants, “Gentile fronts,” puppets, agents or “agentur” of the imperial, “bestly” or SuperNazi “sinagog of Satan.” (See Apo./Rev, 2:9 & 3:9, & also their Satanist “Zionist protocols.”) Or is there a third alternative, dear reader, of which I am unaware?

And hence these latter “public servants” are consciously, deliberately misdirecting or misleading the public into “jewish” (monetary/economic/political) traps. And therefore they are treacherous and treasonous public enemies lurking within public offices, who should be publicly accused, tried, convicted and punished—even “by the neck until dead.” That would perhaps send the appropriate message to all other would-be public enemies who would likewise officially betray, defraud and damn the public into such unpayable pits of “public debt.”

Heck, the “central” banksters (via their anonymous and irresponsible incorporation, and via these sociopathic “public servants” of theirs) not only conceal but in fact deny their “central” monetary existence, reality, nature and character! Just ask yourself: Do they not want all us Gentiles to believe that “our” (i.e. their) “central” banks are **not** privately-owned, for-profit corporations?—creating, printing and lending no less a public evil than debt-token, monopoly-money? (And is there, or has there even been, a more evil, predatory “money” than this?) Do “our”

“central” banksters want us all to clearly see, perceive, recognize and understand the evil, malevolent, predatory and Satanic nature and character of their “money,” and hence of themselves, its “central” creators and perpetrators? Surely the question nearly answers itself.

* * * * *

And so hopefully we all can see that their “fractionally-golden” debt-token money is no good either, being nearly every bit a monetary fraud and trap as their purely-paper, debt-token money. For up to ten times more paper-promises to pay gold coins are printed and **lent** as gold coins to pay their “bearer[s] on demand.”

And “irredeemable” “paper-gold” is surely no more that debt-paper-money brazenly mislabeled. And by whom but by deceitful and corporately concealed “central” banksters, who, (however “central” to our national “economies” via their debt-money-monopolies and their official traitors befouling our national public offices), are in fact really “central,” national (even super-national) monetary deceivers, cheaters, liars, swindlers, thieves and robbers: “jewish,” “messianic,” Satanic, anti-God, anti-Christian, anti-Gentile and anti-European.

Is this not so, or don’t we know? And if not, how can we ever find out? Will our “central” masters or their “public servants” ever tell us who and what they really and truly are beneath their “central” corporate mask? Don’t count on it, but go ahead, ask. And don’t hold your breath, ’cause that way lies death.

And least of all do they want you to understand their evil, predatory “money,” and hence themselves! (For all fruit must necessarily be of its tree: demonic, Satanic, mediocre or Godly.—(Matt. 7:16-20, 12:33-35 & John 8:44)

* * * * *

Consider, dear European: Is your new “euro” not a debt-token? (Surely it is paper, nothing but paper, pure “irredeemable” paper, hence neither gold or silver, and therefore by definition a token.) But is it a **debt**-token? Is it not **loaned** into existence and circulation by “your” “royal” or “central” “banking” corporation to its/their traitorous, anti-European, continental puppet-gov’t, and to its/their “commercial” banks, and hence to you, dear citizen?

And does this brand-new “euro” (or rather its “central”-bankster creators, lenders and perpetrators) not pretend to be golden in part to explain, excuse, or pseudo-justify its being “centrally” lent (instead of merely “publicly” or parliamentarily spent) into existence and circulation?—i.e. to excuse its being a debt-token?

And so because it is a debt-token, I must tell you, dear European, that “your” brand-new “euro” shall and **must** be gradually, unavoidably and inevitably “inflated” into complete and total worthlessness. And this is simply due to the nature of “your” “central”-bankster-“beast” and its/their debt-token, monopoly-money.

A debt-token, by definition, is loaned into existence. And like all other loans, a debt-token must, by definition, be contractually returned to its lender by a certain future date. And so a debt-token, and all loans of debt-tokens, (and again there are no debt-tokens but loaned or borrowed debt-tokens), must all be repaid or returned to its/their “central” crown, source, creator and lender (and hence inevitable destination)—plus (nonexistent) “interest” tokens besides or atop.

For the European parliament, “your” traitorous, anti-Christ, “jewish,” continental puppet-gov’t, must repay all its “centrally” loaned (and parliamentarily borrowed) monopoly-debt-token “euros” back to their only continental source (and hence their only and inevitable destination), the “jewish”-“European central banking corporation”—thus leaving you European Gentiles without any money or tokens of exchange to make any (non-barter) deals or trades among yourselves—unless new “euros” are parliamentarily borrowed from “your” continental “jewish” crown, thus increasing “your” “public,” “national” or continental debt (to “your” “European central bank[sters]”).

But that’s not all. For “centrally” unprinted, “centrally” unloaned (and hence non-existent) “interest” “euros” shall also be “centrally” demanded (at a “centrally”-dictated annual “interest” rate) on each and every such “central” bankster loan of these debt-paper-“euros” of theirs—of this “fractionally-golden,” “irredeemable,” “jewish,” debt-token, monopoly-money. For only “principal”

debt-tokens are "centrally" created and loaned (to the "public"—via an evil, traitorous, "jewish" parliament). And yet both "principal" and (nonexistent) "interest" debt-tokens are "centrally" demanded in return. But this "public" payment is clearly impossible, unless new "principal" debt-tokens are ("publicly" or parliamentary) borrowed to pay this "interest." Furthermore, "interest" payments alone will devour or evaporate the "principal" loans. At 5% annual interest, e.g., an entire "principal" loan of any size you'd care to imagine shall be thus returned to its "central" source (and ultimate destination) in twenty years. AND YET THE ENTIRE "PRINCIPAL" SHALL STILL BE OWED by the cheated and impoverished public to "their" "central" bankster! And so before long many more (even multiples more) "euros" shall allegedly be "owed" (by the Gentile European subjects to their "central" "jewish" continental crown) THAN EVEN EXIST!

(Can you smell your corporately, "centrally" and red-shielded "jew"-rat yet, dear European?)

And the longer you use (or are parliamentarily forced to use) this evil, "jewish," debt-token, monopoly-money, the more "you" must "publicly" (i.e. parliamentary) borrow it. And the more "you" "publicly" borrow it, dear European, the more hopelessly indebted you and your fellow (monetary/economic/political) subjects shall become, the more "your" "euro" shall be "inflated" (increased in amount, number, volume), and hence the more its value shall gradually shrink toward worthlessness.

Don't merely compare "your" "euro" with the shrinking "dollar," dear European. Compare your "euro" with itself over time. See how it shrinks. See how its "purchasing power" declines over time. For all such "jewish" debt-moneys, whether "dollar," "euro" or what-have-"jew"?, are in a race with each other and with themselves itself toward "inflationary" worthlessness. It's just that the "dollar" has had such a "head start"—since 1913, in fact. See how it shrinks, shrank, shrunk.

For such is the evil nature of all debt-token, monopoly money, and hence of the SuperNazi "jewish" "beast" that conceived, created, coercively perpetrated or "publicly," parliamentarily lent it to you and yours as your supernatural or SuperNazi "jewish" monopoly-money, your imperial or "beastly" "mark" or "stamp." (Apo./Rev. 13:11-18)

And the longer you try to pay back this Satanic, "jewish" debt-, theft- and trap-money, the deeper and deeper your continental European pit of "public" debt shall be parliamentarily dug, and the larger and larger the unbridgeable gulf shall grow between the "euros" in existence or circulation and the "euros" you are "centrally" alleged to owed to "your" "beastly," imperial, SuperNazi "jewish" bankster(s). Think of a mastodon in a tar-pit or quick-sand: the more and longer it struggles, the more it sinks to its inevitable doom.

Am I saying you're sunk, dear Euro? As long as you keep using that "beastly" monopoly-money, "mark" or "stamp" of your "central," "royal," "messianic" or Satanic anti-Christ emperor or king, Yes. (Apo./Rev. 13:11-18)

And so, dear European, I repeat: Your "royal," "central," anti-Christ master's brand-new "euro" shall and must be "centrally" printed, "centrally" lent and "publicly" borrowed by "your" traitorous parliamentary "representatives" and/or "public servants" into gradual, eventual and ultimate worthlessness.

And so this brand-new, debt-token, monopoly-money "euro" is a "jewish" snare, dear European, exactly like the national "jewish" moneys that preceded this "euro": the "German" "mark," the "English" "pound" the "French" "franc," the "Italian" "lira," etc., etc., etc. Nothing Gentile, Christian or honest about them, all deceitful, predatory, "beastly," "jewish," Satanic.

And what Satan's "chosen," anti-Christ or "messianic" demons ultimately desire, aim and intend is to impose one such evil, "jewish" money upon all Gentile humanity.

("One coin to find them./ One coin to blind them./ One coin to mark and in all Darkness bind them.")

* * * * *

And so, in the face of all this deductible, predictable, unavoidable and inevitable "inflation," we see the real and true reason why the brand-new "golden" "euro" is from the start absolutely "irredeemable," completely unconvertible, totally goldless or entirely paper, token, worthless. (I mean aside from the characteristic unwillingness of the "jew" to ever part with his ill-gotten gold.)

The brand-new, debt-paper, monopoly-money “euro” is “irredeemable” from the very start because the “fractional” golden pretension of its “central” creators and lenders could not long be maintained (proved or redeemed) in the face of their debt-paper’s gradual and unavoidable “inflation” into ultimate and inevitable worthlessness, and hence the relative shrinkage of their golden “fraction,” therefore unconvertible or “irredeemable.”

Just take historical note, dear European: The “paper-gold” of the “jewish”-Amerikan “central” bankster(s) was only “redeemable” or convertible for a mere 20 years (from 1913 to 1933) before its golden “fraction” was far too tiny (or its “inflated” paper multiple far too huge) to any longer continue to **pretend** to be redeemable or convertible into gold.

And RedShield and co. doubtlessly would likewise have made their “golden” Amerikan “dollar” “irredeemable” from the very start, if the American public had been as stupid then as the European public evidently is now, and if the 1913 Congress were as treacherous, traitorous, sociopathic, anti-Christian, Satanic or “jewish” as the current European parliament.

* * * * *

And so this brand-new “euro” is merely yet another damning (and hence damnable) “jewish” monopoly debt-token—to the precise extent of the “irredeemable” paper multiple of its variable golden “fraction,” “base” or “fractional base” (of 15 to 30%). And so this irredeemable “paper-gold” will range, vary, “inflate” and “deflate” from 3.33 (at 30%) to 6.66 (at 15%) times its variable golden “base” or “fraction.” And that’s only if this anonymous and irresponsible “central” European “jew” can be trusted to keep his anti-Christian word. But don’t trust, credit nor count on it nor him, dear European. For he is an imperialistic, SuperNazi, anti-Christ “beast.”

Again, is the new, “jew,” “euro” not **loaned** into existence and circulation by the corporately masked “central” “jewish” bankster to his treasonous, “jewish,” continental European puppet-gov’t? And aren’t these loaned out monopoly debt-tokens to be entirely repaid (thus returning the European or Aryan populace to complete and total moneylessness—and what’s the point of borrowing them in the first place if you can’t use them for long?), along with all contractually “due” and “centrally” dictated rent, usury or “interest” payments (of unloaned and hence non-existent debt-tokens)?

But you can’t possibly pay debt-tokens which don’t even exist, dear European, having never been “centrally” loaned into existence and circulation? You must therefore borrow more debt-tokens merely to pay the “interest.” In short, your “central” anti-Christ emperor demands more (debt-) “money” back from you than he ever prints and “publicly” lends you via “your” (or rather his) treasonous, “jewish,” anti-Christ and anti-European parliament. His “bestly” money is as evil, malevolent and predatory as he is. His “money” is a damning trap; to use it is to be damned and trapped by it.

So don’t. Make yourselves an honest (debt-free, ample, stable) token instead, dear Euro, and spend or freely distribute it/them into circulation. (See The Economic/Monetary Problem and Solution for specific instructions.)

And like the Americans, the more you Europeans use (or are parliamentarily forced to use) this evil “jewish” snare-money, the more you and yours shall be ensnared; the more your treacherous parliament shall borrow from their “bestly” “central” “jewish” master (to repay all his “principal” and all the (nonexistent) “interest” he demands); the more “your” “euro” shall be “inflated” (increased in amount, number, volume); and hence the more this “euro” shall shrink in value; the more your continental “public debt” shall grow; and the deeper and deeper this “central,” imperial, SuperNazi, “jewish” “beast” shall dig the pit of your national or continental debt (to itself and its fellow “bestly,” anti-Christ or Satanic “jews”).

And so in the end, and for the aforementioned reasons inherent within the dark and evil nature of all debt-token moneys, (which are “jewish” conceptions, creations, traps and perpetrations), this new, “jew,” “irredeemable” or pseudo-golden “euro” shall, will and must unavoidably, gradually and eventually be “inflated” into complete and total worthlessness.

(So please don’t say, dear Euro, that I never warned nor told you so.)

* * * * *

(Do you remember the "jewish"-German Weimar "inflation" of 1919-23, dear European? It happened very quickly and for a different reason: to pay the invasive, aggressor "jewish" nations their extortionate, victorious "reparations." And yet the eventual result shall be same: the complete and total worthlessness of the "euro." See in the chart below, e.g., how the "dollar" has fallen since the birth of the "jewish"-Amerikan "central" bank in 1913. For the "euro" and the "dollar" are both monetary children of the very same "central"-bankster son of Satan, what's its name again?)

And so the allegedly golden "euro" will soon be "inflated" into decline and gradual worthlessness. I could say "far beyond any possibility of redemption," if the "euro" were not irredeemable from its very "jewish"-bastard birth.

And yet your irredeemably predatory "central" "jew" may at that time craftily and cynically claim that he is unable to maintain his alleged 15 to 30% golden "fraction" for his highly "inflated" "euro." And then perhaps, as occurred in "jewish" Amerika, "your" anti-Christ "central" bankster, dear European, may then issue a decree (via his secretly purchased presidential, parliamentary and judicial whores, agents, traitors or public enemies within your public offices) "authorizing" the official seizure of all your personal gold (and perhaps also your silver)—citing a "national [or rather imperial-Ed.] crises" and a pressing "governmental" need for it, declaring it your "patriotic duty" to presently part with all of your gold which you so presently, selfishly and "unpatriotically" "hoard," and threatening "criminal penalties" for your "unpatriotic" refusal or failure to immediately do so.

For on April 5, 1933, an "Executive Order" of Amerika's "jewish" president, Franklin Roosevelt threatened a fine of \$10,000 for any individual or (unexcused) corporation, plus another ten years in prison for any individual (for corporations are bodiless ghosts or fictions which therefore cannot ever be imprisoned) who refused to be thus officially-robbed of his gold and silver. The "jewish"-Amerikan president's "central" bankster gang of thieves and robbers then "paid" their gold-robbed victims 20.67 irredeemable "central" bankster paper-"dollars" for every golden ounce they robbed from the citizenry, and half a "dollar" (.50 "cents") for every ounce of silver. (An English "ounce" is 28.35 French grams.)

I.E. the "central" "jewish" gold-robbers forcibly, coercively and "legally" exchanged their paper nothings for all the gold (over \$100) of all the Gentile Americans who foolishly, self-sacrificially and un-"patriotically" complied with this (executive, legislative and "supremely judicial") tyranny of the "jewish"-Amerikan gov't of "Washington," D.C.

(But methinks the real McCoy would be outraged to see what was (and is) done in (and to) his (very defamed) name.)

* * *

Surely the anti-Christ's' golden greed of is for them an ever-pressing need. So why, dear Gentile, need you ever even try to satisfy this limitless lust?

And surely the Devil (and Its kindred) eternally feel they can never damn us Gentiles quite nearly enough! And though they try, and try, and try, (witness their world wars I and II and now perhaps III), why should we ever thus help them damn us? Do you believe as these "messianic" or "communistic" demons believe (or at least behave): that God made us Gentiles to be their victims, slaves and food?

But self-damnation is never good, neither for me, dear Gentile, nor for you—even though it forever be our "patriotic duty" to the Devil or the "jew."

But if you father ("pater") be not ("Uncle") Satan, dear Gentile, then neither is your "patriotism" of the Devil or the "jew." (John 8:44) And if so, dear Gentile, then good for you!

Choose this day, dear European, which god and purpose you shall serve: God and yourselves or the Devil and Its "jews."

Why not cast away your false "jewish" "euro" into that sea in the middle of the land, to create an honest token, good and pure-o, built on truth's rock to perpetually stand?

What have you got to lose in your present situation but your endless "jewish" monetary and political damnation?

Is that God's plan, dear Euro, for you? Or the plot of the Devil and Its anti-Christ "jew"?

* * * * *

On Covertly Manipulating the “Fractional” “Golden” “Basis” and “Backing” % of this ever-Variable and Unstable (Debt-“Paper-Gold”) “Euro”

“Irredeemable” “paper-gold,” this “RedShield” now dares say?!

Question: What’s even worse than a “fractionally golden” debt-token, monopoly-money?

Answer: An “**irredeemable**” “fractionally golden” debt-token, monopoly-money.”

So what’s “golden” about it then?

Question: What’s even worst than a **temporarily** redeemable “paper-gold”—(as in Amerika from 1913—33)?

Answer: An absolutely, entirely, eternally irredeemable “paper-gold”—(as in Europe this very day). And it’s name is “euro,” but it is not European or Aryan. It is as false and as evil as its foreign creator and lender. For all fruit is and must be of its tree. (John 8:44)

* * * * *

So don’t get fooled again, dear European. As “paper-gold” (false paper-promises to pay gold) is infinitely inferior to real gold, so debt-token monopoly-money is infinitely inferior to an honest (ample and stable) debt-free token money. And “fractionally gold-backed” yet “irredeemable” debt-paper money is merely debt-paper or debt-token money.

In other words, “jewish” “paper-gold” is to real gold what “jewish” fractionally-gold-backed, debt-token, monopoly money is to Gentile, debt-free, token money: infinitely inferior...and malevolent.

* * *

(The new “euro” money, e.g., is said to be 15 to 30% “gold-backed.”) What does this mean? Exactly how much gold is in a “euro,” anyway? Or how many golden grains “back” each “euro”?

(The American “dollar,” e.g., used to be defined (by the Congressional “mint act” of April 1792) as 24.75 grains of gold, 371.25 grains of silver, and/or 16,400 grains of copper. And so, at 15.432098 grains per gram, an American “dollar” was once 1.6 grams of gold, 24.1 grams of silver, and/or 1,062.7 grams of copper.

But in 1933 president Roosevelt redefined the “dollar” for all American citizens as equal to 0 grains of gold, 0 grains of silver and 0 grains (or grams) of copper. And so the American “dollar” has remained worthless to this very day. Thanks Roosevelt! You were truly a great (“jewish,” Marxist, communist, Soviet-) Amerikan president!)

But how many grains or grams of gold are in this brand-new “golden” “euro”?

Being absolutely “irredeemable,” probably absolutely none. And I wouldn’t be surprised if his anonymous “central” “European” majesty has made absolutely no pronouncements (via his “royal” heralds or parliamentary servants) on this most weighty golden matter.

Or are the answers to these questions to be “state secrets”—like the ownership of the European “central bank,” their annual profits, and whether or not their new paper-tokens are or are not **debt**-tokens

But surely we can safely deduce or guess the “central” bankster “jew” would never give his “paper-gold” away, or even spend it into existence, but rather lend it for maximum profit, exploitation and predation of the Gentiles.

And if this new “euro” **is** a **debt**-paper-token, monopoly money (and if this money-fruit is of an evil tree, how could it possibly fail to be?), then eventually there will not be enough gold in all the world to “back” the monetary inflation necessary to keep this debt-money in existence or circulation at **any** golden grain per “euro” ratio, or at **any** “fraction” of golden “backing.” But, like the “jewish”-Amerikan “dollar” of 1913-33, this debt-paper “euro” must eventually be devalued in its golden grains (if it even has any) and must eventually drop, disclaim or disavow any golden “backing” whatsoever—(not even at 1%, much less 15 to 30%).

But if the Gentile European citizen cannot exchange his paper “euros” for “central” bankster gold, then this new “euro” is neither really nor truly golden nor “backed” (however “fractionally”) by gold at all, is it?

And so we see the malevolent purpose and thieving intent of the “central” “jew(s)” is to exchange their false “jewish” values for real Gentile values, i.e. to steal. As the thieving “jew’s” “paper-gold” (their false or fraudulent paper-promises to pay gold) used to be exchanged for real and true Gentile gold, and as their worthless monopoly debt-tokens are to this day exchanged for real and true Gentile values (goods, properties, services, labors, blood, sweat and tears), so now the wily thief again pretends his debt-paper-tokens are golden. Here he again comes knocking with his “paper-gold” to lend us. In fact he pays his perfidious parliament to (officially, “publicly,” legislatively) force his “paper-gold” upon us.

When will the Gentiles ever learn from historical experience? When will they ever stop believing, trusting or crediting these malevolent, perfidious, Satanic “jews” and their evil monetary, economic and political “institutions”?

* * * * *

A “gold-backed” “euro,” they now dare say?

But I’ll bet this “golden” lure or guarantee is shiny but not real—promises but does not deliver—glitters but is not gold. For I’ll bet you, dear Euro, that you cannot take your paper “euros” to the (SuperNazi “jew”-owned?) “European central bank” to trade them in for golden “euros”—nor even to trade 100 “euros” for only 15 to 30 golden “euros”—thus taking a 70 to 85% “paper loss.”

(Again, **are** there any golden “euros”? Or how many grains or grams of gold lie in each and every “euro”? None-o?)

But surely this brand-new “golden”-paper “euro” is never at any time convertible or “redeemable” into real or true gold. And even the corporately masked, anonymous, and irresponsible “European central” bank[ster]” admits as much—(through his official and/or parliamentary agents). For it would be an impossible thing to deny, don’t you think?—as every citizen would immediately know it was a golden lie as soon as anyone tried to “redeem” his “paper-gold” “euro” into gold.

And so exactly what is the point, purpose and meaning of this alleged “fractional” golden backing anyway?

Does its “paper-goldness” not seem to “justify” its being **lent** to the European public (via “their” continental European parliamentary “representatives”—“their” imperial “public servants”)?

And is this “fractional” golden “backing” not also supposed to be a golden guarantee against hyperinflation, (see Weimar Germany, 1919-23), because paper “euros” are supposed to be limited in volume, amount or number by the (changing, fluctuating and manipulable) amount of gold held (or claimed) by the “European” “central bank”?

* * *

But how does the Gentile European citizen know how much gold his anonymous “central” “jewish” emperor holds at any given time? Must the citizen not accept his “royal” majesty’s word for it, as he cannot possibly verify it for himself? Nor is there an independent citizens’ group to do so for him? Surely not the European parliamentarians who legislatively yoked and damned all European citizens under this “central” bankster “beast,” nor the more direct employees of this bank(ster): his “central” herald, continental messenger or imperial spokesman, e.g.?

And surely any independent group for verification, inspection or investigation of “central” bankster claims would have to be non-European. For how can any mere subject inspect or

investigate his sovereign? Or what European individual or group could possibly be independent of this very highest “European” power: its “central banking” crown, throne, scepter, king or superstate emperor? (And surely this sovereign “central: throne is not European or Aryan at all, but “jewish,” anti-Christian, anti-Gentile, Marxist or “communist,” “messianic” or Satanic.)

And the U.N. could not possibly serve either. For the U.N. is the Jew N., who, aside from world-taxation and an imperial army to crush all national sovereignty, likewise crave to impose an evil “jewish” debt-money upon all Gentile humanity.

And so all the Gentile world will have to take this anonymous, anti-Christ, “euro” emperor’s word for the extent of his golden “backing”...or not.

* * *

And are the quantity of “euros” now going to fluctuate up and down according to the amount of gold allegedly held by this imperial “central” bankster, this “RedShield,” so that he and his SuperNazi bankster kindred can now continue their old predatory game of gold importation and exportation: i.e. paper-money manipulation, multiplication, “inflation” and “deflation,” “fractionally based” upon their variable, manipulable, “fraction” of golden “backing” for their brand-new (and yet essentially old) debt-paper-“euro”?

Didn’t the Europeans learn their lesson about the fraudulent history of “jewish” “paper-gold”?

Again, if “once, shame on you,” perfidious “jew,” but if “twice, shame on me,” gullible Gentile, for once again foolishly trusting this son of the father of lies. (John 8:44)

* * * * *

And besides, a 15% to 30% gold (or silver) backed money is therefore a 70 to 85% unbacked paper or or “token” money. And so the new “euro” is a 70 to 85% token money.

And here’s the 10 zillion “euro” question: Is the new “euro” a debt-token or a debt-free token money? Is it “centrally” loaned or spent into existence and circulation?

I’m betting my reputation it’s loaned and not spent. Would a “golden” paper-money be debt-free? Would **any** “jewish” money be debt-free or non-predatory?

And surely if it were debt-free or simply spend into circulation by a benevolent, European “central bank” we’d all have heard about it by now. This banking benevolence would have been shouted from the rooftops. But no, the monetary truth is kept hidden in the dark because the “central” masters of the treacherous European parliament simply don’t want us to know their “euro” is a debt-token, and a monopoly-debt-token, like their evil Amerikan “dollar.” Surely this “euro” is **loaned** by the European “central” bank to the European parliament, to be extortionately repaid (“principal” plus nonexistent “interest”) by the poor, fleeced and clueless Gentile European citizenry. Again, I’m betting my international reputation on it.

Furthermore, I’ll bet you the owners of this new “European” “central bank” are none other than the secret former owners of the former “central banks” of Europe, (Germany, France, England, etc.)—the Rothschild’s and the other, related, supernatural or SuperNazi “jewish” bankster-families or dynasties, who yet still own the corporate “central” banks of “jewish”-Amerika and elsewhere.

“Central” banks are evil “jewish” inventions, creations, perpetrations and predations. And so how could any Gentile nation with (or rather under) a “central” bank not be a “jewish,” anti-Christ or Satanist nation secretly possessed, animated, directed and controlled by a “central,” “jewish,” anti-Christ or Satanic sovereign, and so, like “jewish”-Amerika and England, the formerly great Britain, instigating and perpetrating world-wars and other great evils upon (Gentile) humanity.

* * * * *

Again, the new “euro” is said to be from 15 to 30% “fractionally” golden or gold-“backed.” And so, even if this new (and “jew”) “euro” shall remain “inflated” by no more than 6.66 times (at 15%) and no less than 3.33 times (at 30%) the alleged “fractional backing” of the “central” banksters’ gold, THIS “FRACTIONAL” AMOUNT, STORE, “RESERVE” OR “BASIS” OF CENTRAL “JEWISH” GOLD SHALL REMAIN EVER-VARIABLE, EVER-MANIPULABLE, EVER-CHANGEABLE, EVER-VOLATILE, EVER-INCONSTANT!

For, as always, gold remains "centrally" importable and exportable, depositable and withdrawable. And there's the "fractional" golden rub! And there's your ever-recurrent and ever-predatory "jewish" "business cycles," with their cyclical "inflations" and "deflations"—those ever-recurrent risings and fallings of their ever-inconstant, ever-fluctuating debt-paper money. And again this is because this multiplicity of debt-paper-money is "fractionally" "backed" by (or "based" upon) an ever-variable, ever-changing, ever-fluctuating, ever-inconstant, ever-manipulated "base," "reserve" or store of "central"-bankster gold (holdings or "hoardings").

The larger this (ever-changeable, ever-manipulable) golden "basis," the more paper-money can thus be multiple "based" upon it; and the smaller, the less. In other words, imagining an upside-down pyramid, a top-stone or capstone of, say, 100x's of gold, can (via fraudulent "jewish" "banking practices") "fractionally" "back" or "base" up to 10 times more inflated, irredeemable, "paper-golden" "euros" than a golden capstone of 10x's of gold can—and 20 times more paper-money than a 5x's capstone of gold can—and at whatever "fractional" percentage level of irredeemable golden "backing" your banksters please, dictate, or are most pleased or profited to dictate: i.e. 5, 10, 15, 20, 25, 30%, etc. Can you see that, dear reader?

And the anonymous and irresponsible or unliable "central" "European" banksters have decreed they are most pleased or profited to have a **variable, changeable, fluctuable, inconstant or unstable** golden "basis" for their irredeemable, debt-paper "euro." (And so this shall of course create, make or cause a variable, changeable, fluctuable, inconstant or unstable "euro.") They say the "fractional" golden "backing" or "basis" of this brand-new, irredeemable, debt-token monopoly-money of theirs shall vary or fluctuate from 15 to 30%. For they shall vary or fluctuate (i.e. manipulate) it so, and at the very least within those self-prescribed limits, if not far beyond, i.e. below 15%. (And the anonymous "central" banksters would doubtless say (via their sociopathic agents) that they need to thus vary, change or fluctuate their paper-money's golden "basis" in order to make it more stable, constant, changeless, unfluctuating. Or what "better" lie could they possibly tell to "explain" or excuse their "central" manipulations?)

And so there are two "golden" variables here: the amount of the "euro's" golden "backing," and its golden percentage (from 15 to 30%). And will the imperious "central" banksters publicize (daily or weekly) the variations in (i.e. their manipulations of) either "golden" variable? Don't hold your breath. But even if they did, could they be believed?

* * *

And so again, at any given time, who but the "central" banksters shall ever really know how much gold truly "backs" their "irredeemable" "euro," (and at what %)?

(And this again is a "jewish" oxymoron or contradiction in terms. You cannot have a "backing" for an "irredeemable" paper-money. You can only have a "backing" for a redeemable or convertible paper-money—and only so long as you, the bearer, can exchange these paper-promises for their alleged golden or silver "backing.")

And if "public servants" should ever be publicly or electorally charged with verifying this "central" golden "fraction" or "basis," what else would or could they ever be but covert or secret "central" bankster agents? Or what else would they officially report or publicly say but their "central" master's scripted words?

And why? Simply because now, as always, "The ['public'-Ed.] borrower is servant to the ['central'-Ed.] lender." (Proverbs 22:7) Because "he who pays the ['public'-Ed.] piper calls the ['public'-Ed.] tune." And/or because he who pays the "public servant" picks the "public servant."

Just look around within every "central"-bankster's monetary kingdom, realm or state: There's nothing and no one in (his) highest "public" offices but monetary/economic fools, political prostitutes and public enemies. And the closer to the top of the official or state hierarchy, the more and more this is so. And so I especially mean presidents, prime ministers and leaders or "speakers" of parliament or congress. They are political prostitutes of "central" banksters, official and professional "jew" suckers for hire, and public enemies in public office. Can you see that, dear reader?

And if they weren't exactly what I say they are, then surely they'd be ceaselessly warning "we the people" about this evil, malevolent, predatory, debt-, theft- and trap-money of these evil, malevolent, predatory, SuperNazi "jewish" "central" banksters. Is this not so?

* * * * *

The corporately masked "central," "jewish," "European" bankster wants his Gentile, European (monetary/political) subjects to believe his new "euro" coin or paper-currency is and shall remain stable, constant, honest and trustworthy. Is this not his point and purpose in proclaiming "golden backing" for his new debt-token, monopoly-money "euro?" Or do I misunderstand this "RedShield"?

But surely his "euro" is not and cannot be stable nor constant. For it is and shall be as variable ("inflatable" and "deflatable") as its ever-variable golden "basis" and its variable percentage of "backing" (from 15 to 30%). The "euro" is and shall remain as variable as the ever-changing, ever-fluctuable, ever-manipulable size of that "fractionally" golden "basis" upon which this debt-paper, monopoly-money house of cards is "centrally" professed to be "founded"—and also as variable as that variable percentage of its "centrally" alleged "backing" (from 15 to 30%).

And again all without any independent citizen-verification of this most "royal" golden claim—and without any "redeemability" of this "central" "paper-gold"! Will the "European" "central" banksters ever tell their subjects the ever-changing size or weight of their alleged golden "foundation stone," and the ever-changing percentage(s) of its alleged "fractional backing"? And could the Europeans ever safely trust or believed them if they did?

The golden size (of the "fraction" or basis") of the "euro," and the golden percentage (of its "backing"—from 15 to 30%): These are two separate and independent variables! Two separately and independently manipulable variables: Two different ways to "centrally" manipulate (increase or decrease, "inflate" or "deflate") the "euro." Can you see that, dear reader? I certainly hope so.

* * * * *

And surely "RedShield's" new "euro" is not trustworthy because it is dishonest, even predatory, being a **debt**-money usuriously lent by the "central" bankster, and treacherously borrowed into existence or circulation by a traitorous European parliament. Is this not precisely so? Or do I misunderstand this brand-new "euro"?

And so for this reason also this "euro" is not stable, not constant, and therefore neither reliable nor trustworthy. For (as a debt-money, and a monopoly-money) it shall contractually need to be periodically returned to its only "central" source...and hence inevitable destination—thus periodically leaving the Europeans without any money whatsoever to make their necessary exchanges, trades, deals—unless their "representatives" or "public servants" in parliament "centrally" borrow some more. And besides or atop all these "principal" loans, all ("centrally") un-created, un-lent and hence non-existent "interest" "euros" shall also be "centrally" demanded and periodically "due." And this is a clear and plain impossibility, and hence an obvious public, national, supernational, continental, imperial or "beastly" monetary trap!

And so this periodic and "deflationary" loss, reduction, disappearance, evaporation or "deflation" of all "principal" (& non-existent "interest") "euros" clearly makes for an unstable or inconstant "euro," and hence an unreliable and untrustworthy "euro." And the necessary new borrowings of the European parliament from the "central" banksters in order to perpetuate this monstrous fraud shall have the very opposite or "inflationary" effect, which shall also likewise periodically and repeatedly change, vary or fluctuate (and hence destabilize) the amount, volume or number (and hence the value) of the "euro"—according to the natural "law" of (monetary) supply and demand.

* * * * *

Surely the "central," SuperNazi bankster "jews" intend to do to the Europeans with their "paper-gold" "euro" exactly what they did to the Americans with their "paper-gold" "dollar" from 1913 to 1933—when their "golden" money fraud was officially ended, due to this "jewish" "dollar's" inability to "redeem" itself. But surely it was irredeemable from its very beginning in 1913. For it was every moment an evil money or monetary evil, being an monetary offshoot, creation and perpetration of a genetic evil. (John 8:44)

But live and learn, the SuperNazi “central” “jews” now refuse to “redeem” this new debt-paper-money snare and bastard of theirs, even from its evil birth. And so their new “euro” brand of fraudulent “paper-gold” can last much longer than their old “dollar” brand, mark or stamp.

And refusing to live and learn, the European Gentiles have unwisely or cowardly accepted this “beastly” “mark” of this “beastly” anti-Christ. (Apo./Rev. 13:11-18) And I’ll bet you they’ll regret that decision before too long, when they get to know the predatory “mark” of that anti-Christ “beast” which their treacherous “jewish” parliament betrayed and sold them to.

* * * * *

What’s the matter with them? Have the Europeans forgotten the perpetual plot of Satan’s “chosen people” against all Gentiles, all humanity?—and **especially** against Europeans, whom the Satanic “jews” most slanderously and mass-murderously hate above all other Gentiles.

And why? For their unpardonable offense of being the “best of the Gentiles,” (see their Satanic bible called “Talmud”), and therefore for being so good or Godly as to obstruct, oppose, stand in the way or delay the eternally craved, “messianic” or Satanic world-kingdom of the Devil’s “chosen people,” the supernatural or SuperNazi “beast” or empire of the anti-Christ, their world-wide Marxist or “communist” super-state.

(So look out world, and all good or Godly Gentiles everywhere.)

From their Satanic “jewish plot against humanity,

The wheels of the machinery of all States are moved by the force of the engine, which is in our hands, and that engine of the machinery of States is—Gold. [from protocol #5]

You [“jewish” initiates—Ed.] are aware that **the gold standard has been the ruin of the {Gentile—Ed.} States which adopted it, for it has not been able to satisfy the demands for money, the more so that we have removed gold from circulation as far as possible.** [protocol #20]

Hence the mysterious and cyclical reductions, evaporations or “deflations” of all “jewish” “paper-gold” money “fractionally” (or rather multiplee) “based” upon this variable, manipulable, importable and exportable, depositable and withdrawable (or “removable”) “jewish” gold “basis.” Do you understand?

In our hands is the greatest power of the day—gold: in two days we can procure from our storehouses any quantity that we please. [pr. 22]

Hence the mysterious, cyclical increases, floods or “inflations” of all “jewish” “paper-gold” money “fractionally” (or rather multiplee) “based” upon this variable, manipulable “jewish” gold “basis.”

In our day the power which has replaced that of the rulers who were liberal is the power of Gold. Time was when Faith ruled.... [pr. #1]

But faith still rules, as always, only the faith and the god has changed: from God to the Devil; from Christianity to “jewishism,” Satanism, Marxism or communism; from “royal” Gentile leaders to “jewish” “central” bankers; from Christ to anti-Christ, and to Its “beastly” monopoly-“mark” or “stamp,” (Apo./Rev. 13:4-18), and to Its slanderous, atrocious, poisonous war stories against God, Lord Hitler, his good, patriotic and Godly Germans, and their nationalistic, anti-communistic European allies who faithfully fought (but lost) the good fight against Evil, Uncle Satan, and Its anti-Christ allies.

A war, by the way, which is not over! (Apo./Rev. 10:11-21)

Again from Satan’s “chosen people’s” demonic plot against humanity:

In our hands is the greatest power of the day—gold: in two days we can procure from our storehouses any quantity that we please.

Surely there is no need to seek further proof that our rule is predestined by God?

[Surely, if “by God” the “jew” means Satan and/or the “jew” himself. (Apo./Rev. 2:9 & 3:9)–Ed.]

Surely we shall not fail with such wealth to prove that all the evil which for so many centuries we have had to commit has served at the end of ends the cause of [our–Ed.] true well-being—the bringing of everything into [our supernatural or Supernazi, “messianic” or Satanic, “jewish” “new world”–Ed.] order? Though it will be even by the exercise of some violence [i.e. “inflations,” “depressions,” assassinations, usurpations, revolutions, world-wars, mass-murders, etc., etc. etc.–Ed.], yet all the same it will be established. [pr. 22]

I.E., these Satanic “jews” present themselves as the (racial, social, political, monetary and/or economic) “solution” to the (racial, social, political, monetary and/or economic) problems they themselves deliberately create and perpetrate upon the Gentiles. And they are more than capable of causing monetary/economic “depressions,” revolutions and wars, even world wars, to “establish” their “messianic” or Satanic world-empire or “beast.”

Again from Des Griffin’s Fourth Reich of the Rich, p. 223,

... we presented the fully documented story of the rise and development of **the top-secret ILLUMINATI organization, the aim of which is to enslave all mankind in a worldwide concentration camp euphemistically described as “The New World Order.”** [See/hear the public pronouncements of anti-Christ Amerikan president, George Bush Ist; also the Bilderbergs, the FreeMasons, the Council on Foreign Relations, the United Nations Org., etc.–Ed.]

We also presented evidence that **the real power behind this diabolical plot is an elite, nefarious coterie—International Bankers and “intellectuals”—which fancies itself as being the only one capable of ruling mankind. One of their agents, James Warburg, son of Paul M. Warburg, organizer and one of the original board members of the “Federal” Reserve System [inaugurated in 1913 by anti-American president Woodrow Wilson and his anti-American or “jewish” Congress–Ed.], had the audacity and arrogance to proclaim before the U.S. Senate on February 17, 1950: “We shall have world government whether or not we like it. THE ONLY QUESTION IS WHETHER WORLD GOVERNMENT WILL BE ACHIEVED BY CONQUEST OR CONSENT.”**

For they **will have** their “New [“jew”] World Order”—“religiously”craved by Satan’s mutually-“chosen” bastards for centuries, even millenniums! (John 8:44)

And every Gentile worth his salt must see that they do not! (Matt. 5:13)

* * * * *

And so the SuperNazi anti-Christ presently intends, now as before, to use his gold or “paper gold” to establish his “messianic,” Satanic or “communistic” world-dictatorship. So let’s not let the Satanic bastard!

And again this brand-new, “jew,” “golden”-paper “euro” is neither golden, honest, trustworthy nor true, because, dear European, you can’t ever “redeem” or “convert” it into real or true money, i.e. gold. You can’t exchange this “central,” “golden,” “jewish” non-promise for any of this “centrally” unpromised “jewish” gold.

And so the “central”-bankster’s brand-new “euro” is not even as good as his fraudulent old “paper-gold”—which was at least occasionally or temporarily “redeemable” or convertible—as within “jewish”-Amerika from 1913—23!

And so this debt-“paper-gold” “euro” is about as “golden” as the current debt-paper “dollar.” Both are paper-promises to pay absolutely nothing at all “to the bearer upon demand”: no gold, no silver, no nothing whatsoever. And so here alone the “central” bankster keeps his promise (to pay nothing)!

* * * * *

And so the “euro,” by definition, is a token money, an intrinsically worthless money, a cheap-metal or mere-paper money, like e.g. the “jewish”-Amerikan “dollar.”

And because a “legalized monopoly-money, officially dictated” or parliamentarily “legislated,” therefore a command or “fiat” money.

And because this “euro” is (“centrally”) loaned and/or (“publicly” or parliamentarily) borrowed into existence, therefore it is the worst possible kind or species or money: a debt-token, monopoly-money.

But as all fruit is and must be of its tree, what other kind or species of money could you realistically expect from “RedShield” and co.? Or from what other species or kind of “human” “tree” could you logically deduce such a thoroughly poisonous monetary “fruit,” but from the very worst, most Satanic, most predatory, deceitful, murderous or mass-murderous sources or origins?

And so perceive, dear European, that your new, “jew,” continental “euro” is really a debt-token monopoly-money, with all the attendant and unavoidable (economic/political) plagues which every such theft- and trap-money deliberately, malevolently and predatorily brings in its evil net and wake! To use it is to be trapped and abused by it, and hence by its creators, masters, lenders, dastards, “central” “jews” and Satan’s bastards. (John 8:44)

And so for all these reasons and more, I warn you, dear European or Aryan cousin, not to borrow, trust or credit this brand-new, debt-monopoly-money “mark” or “stamp” of your (and God’s and Lord Adolf’s) Satanic racial enemies: the SuperNazi anti-Christ’s of the “sinagog of Satan.” (Apo./Rev. 2:9 & 3:9)

For surely this new “euro” is merely yet another “jewish” monetary deceit, theft, fraud and trap for Gentiles. And besides, what else but such evil fruit could ever come from the Devil’s tree?

* * * * *

Can you see the “beastly” money-trap yet? Can you smell the “central” “jewish” rat yet? You’d better, for your sake, before its too late! If you (or your “representatives”) deal with the Devil and/or Its demonic “chosen people,” you shall end up in their “jewish” hell on earth, their Satanic or “messianic” kingdom, just like those debt-damned Amerikans, who therefore need to (monetarily, economically, politically) “redeem” themselves by repudiating “their” “central” banksters’ and puppet-gov’t’s “national debt,” thus absolving themselves from their (or their “representatives”) (monetary and political) sin.

(“Take me to the river./ Drop me in the water, washing me down, washing me.”—(the Talking Heads)

(You can lead a Amerikan jack-ass to water, but you cannot make him swim.)

And therefore European cousins, wake up! And cast away your treacherous “euros.” And if ye be, like me, sufficiently silver- or goldless, then take ye up an honest (ample, stable, debt-free, non-monopoly) token-money—not unlike that very one illustrated and suggested by that Trojan writer, possessing or holding (and yet not hoarding) a goldless (and yet somewhat precious) quantity of monetary common sense. (See The Monetary/Economic Problem.)

(Can you dig it, dear reader? I knew that you could.)

* * * * *

Europa and her “Beastly” Seducer, Misleader and Traducer

See how Satan’s “jewish”-dragon or serpent gradually lead Europa, that dear, pure, trusting Aryan maid, step by step down the dark path leading outside the garden of her innocence, purity and independence toward sin, ignorance and bondage, into her unpayable “public” debt and national or continental dispossession, into her monetary/political ignorance, bondage, ruination, disease, decline, and deadly pallor? Snow White has unwittingly tasted the poison apple of the poisonous “jew”-witch. She now lies under a dark “jewish” spell or stupor of ignorance, listlessness, indolence, hopelessness and despair. Who has the antidote? **Is** there an antidote? Or shall Europa die in her sins, her ignorance, and her hopelessness? (Let’s hope not!)

* * * * *

Believe that first “paper-money” lie, my dear Europa, and the wily “jew” will tell you another, and another, and another. For his lies and deceits are as false and limitless as his “promissory” monetary “notes.”

First, to steal Gentile gold by exchanging his loaned-out golden promises for actual Gentile gold, plus “interest,” the anti-Christ introduces his “fractionally backed” “paper-gold,” “redeemable” or convertible into its golden promises...until its inevitable “inflation” beyond any “redemption” whatsoever. And then those poor, trusting, gullible Gentiles holding those false, “golden” “promissory notes” at last find out their true “jewish” worth—absolutely nothing.

* * *

And now we Gentiles all behold the “jew’s” **new** brand of “paper-gold”—goldless even from its very black birth! But at least from the start we all know its worth! (In angelic voice now, all together: “Absolutely nothing whatsoever!”)

Question: Would or could this latter-day “irredeemable” “paper-gold” have been offered (by “central” bankster “jews”) and accepted (by foolishly trusting Gentiles) **before** their former, precedent and redeemable “paper-gold”? Methinks decidedly not, because the Gentiles wouldn’t have trusted or accepted this latter, irredeemable, “paper-gold.”

(You’d think they would have learned from experience—even if they didn’t or don’t know both “golden” moneys are both **debt**-moneys, and from the very same “central” “jewish” source, and hence must both be false, untrustworthy, incredible. If, as their grandparents learned from bitter experience, “redeemable” “paper-gold” is ultimately and inevitably worthless, if not false from the very start, why then ever trust even for a minute **non**-redeemable “paper-gold”? It doesn’t make any sense, does it? And yet they do trust this new, “jew,” golden,” “euro” money. And so I must reluctantly and regretfully say, “Europa you ignorant slut!”)

And so gradually, carefully, step by step we see Evil’s mutually “chosen people” proceed toward their “messianic” damnation and Satanic domination of all the Gentile nations.

(So why willingly go there, dear Gentiles? Why be misled, step by step, out of your natural, national, sovereign gardens into a dark, “bestly,” SuperNazi world-empire of “communistic,” “messianic” or Satanic “jews”?)

Is this not so? Or do I misunderstand Satan and Its mutually “chosen people”? Do I misperceive and hence misrepresent God’s Enemy, the Dragon or Serpent, Its “chosen people,” and Its/their “bestly” monopoly-money “mark” or “stamp”? (Apo./Rev. 20:1-2, 2:9, 3:9, 13:4 & :11-18) Methinks not one whit.

* * * * *

First “redeemable” “paper-gold,” then **irredeemable** “paper-gold”! First worthless paper-money, cheap-metal or token-money, and then **debt**-paper or **debt**-token, **monopoly**-money! Step by step “humanistic” demons are leading us into their “messianic,” Satanic or “communistic” hell on earth!

And so what’s next down this dark and evil “jewish” trail of monetary deceit, monetary fraud, national (and even supernational) monetary damnation and hence world domination of us Gentiles?

Could it be a monopoly, debt-token, “credit”-money: A “money” so unreal, ethereal, false or fictional it’s not even as real as paper, but merely numbers written in bankster “ledger”-books or typed in bankster-computers?

Could it be a monopoly-credit-money “mark of the beast” placed within a computer chip and coercively embedded beneath the skin of all Gentile or human subjects of this supernational imperial or “jewish” “beast”—(perhaps inside their right hands)—to be therein scanned and “debited” by the “credit” “processing,” computing and tracking machines of all the “licensed” sellers of all the captive Gentile nations rotting within the imperial belly of this SuperNazi “jewish” “beast”?

Will all other (i.e. non-“bestly”) sellers, buyers and free-traders be imperiously outlawed, criminalized, persecuted or “prosecuted” as “black marketeers” for daring to trade freely, undetected and unmonitored, without imperial “authority” nor “bestly” monopoly-money, out

“beyond the pale” darkness of this SuperNazi “jewish” crown, scepter or throne, far beyond the “central” “majesty” of that anti-Christ, “jew”-“beast” reigning thereupon?

And I beheld another beast...and he [“it”-By.] **had two horns like a lamb, and he spake as a dragon** [“like a serpent”-By.]...**And he doeth great wonders, so that he maketh** [golden?-Ed.] **fire** [or lightening-Ed.] **come down from heaven in the sight of men. And deceiveth them that dwell on the earth by (the means of) those** [monetary?-Ed.] **miracles which he had power to do** in the sight of the [first-Ed.] beast... [“And it exhibits great tokens, so as even to make fire come down out of the sky to the earth before men. And it misleads those who live on the earth because of the tokens that it is privileged to exhibit before the beast,”-By.]

...And he [“it”-By.] **causeth all, both small and great, rich and poor, free and bond, to receive a mark** [“stamp”-By.] **in their right hand, or in** [“on”-By.] **their foreheads: And that no man** [“no one”-By.] **might buy or sell, save he that had the mark, or the name of the beast, or the number of his name** [“except one who has the stamp, the beast’s name or the number of its name.”-By.]. Here is wisdom. Let him that hath undersanding [“intelligence”-By.] **count the number of the beast: for it is the number of a man, and his number (is) Six hundred threescore (and) six.** [Apo./Rev. 13:11, :13-14 & :16-18]

Again, could it be that this monopoly-paper-“money,” “mark,” or “stamp” of Satan’s supernatural or imperial “beast” may become or be officially replaced with mere “central” bank-“credit” or “central” computer-“money”—thus officially counting or calculating, recording **and tracing** all transactions among (and all movements of) all imperial subjects of this “beast” thus forced to use (or thus willingly accepting) this “beastly” monopoly-money “mark” or “stamp,”—something clearly impossible for any gov’t, throne or political “authority” to do whose subjects use traditional kinds of money—whether “specie” (gold or silver coins) or token (cheap-metal or paper) money.

Could this be a “beastly” monopoly-money “mark” or “stamp” whereby only those who choose to sell their souls and bodies to Satan are **not** officially outlawed or starved into (political/monetary/economic) submission or death? And do those self-damned souls prefer to survive, to live, to betray God, themselves, their families, tribes, races and countrymen, to prosper or even to rule for an hour with Satan SuperNazi “beast” (17:12)—rather than to be unemployed and unpaid by it, or “unlicensed” or officially banished from its pseudo-almighty presence?

For again, “no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his [“its”-By.] name.”

Does the “beast” have a number (666)? Or must every one be numbered by the beast before he can “legally” buy or sell within its imperial marketplace? Or both?

* * * * *

And could this “beastly” number refer to the “federal,” super-state or imperial “social-security number” “issued” to all Amerikan citizens?—(and imperiously instituted, by the way, by “jewish”-Amerikan president Roosevelt in 1935.) And if so, then aren’t all the citizen-slaves of “Uncle” Satan the “dragon,” Its “false prophet” (19:20), and Its “beast” all numbered at birth?—or perhaps later when they first try to find work? Aren’t these “federal” “social security” numbers in fact imperial or super-state permits “federally” required by “Washington” D.C. from all American citizens to thus gain the “right” to work within Amerika? For they have no natural nor God-given right (to work within Amerika)? Aren’t Americans denied work or even persecuted (“prosecuted”) as criminals (“tax evaders,” etc.) for the “crime” of having no “social-security number”?—i.e. no “federal” work permit or right to work?—no imperial, super-state or “federal” citizen, taxpayer, worker or slave number?

Shall every seller of his labor, produce or products without such a “beastly” “mark” or “stamp” be denied entrance to the imperial marketplace or officially banished therefrom?—thus either starving or producing and trading “criminally” via “specie” (gold or silver coin) or via bartering (thing for thing and/or service for service), and thus having all his transactions

unrecorded, unmonitored, untracked (and untaxed) by the super-state or super-national “beast,” and hence paying no imperial, “beastly” or “federal” taxes?

(And if lacking sufficient gold or silver coin, hopefully these non-subjects of this world “beast” or empire of Satan “the dragon” will have sufficient wisdom, ability and courage to create, use and circulate a token-money of their very own brand or stamp, and hopefully an honest (ample, stable, debt-free) token-money.)

* * *

And shall this theoretically embedded money-“mark” or “credit-chip” of this imperial, SuperNazi “jewish” “beast” be (as today) the only “money” officially allowed: a “fiat” or monopoly-money without which “no one might [“legally”—Ed.] buy or sell”?

And if so, shall this occur because (as today) Gentile nations and individuals are too weak, too divided, too cowardly and/or too ignorant to create and employ their very own (honest, ample, stable, debt-free, non-monopoly) token-money?

(“My people are destroyed for lack of knowledge.”—Hosea 4:6)

And at that most “beastly” or Apocalyptic time, shall most of the property of God’s globe (as at present) have been purchased or bought, stolen or robbed (“foreclosed,” etc.) via the “beast’s” monopoly-money or “mark”? And shall the Gentile world at that most “beastly” have been invaded, conquered and hence captured by this imperial “jewish” “beast” via world-wars instigated and waged for its benefit and at its command by the “beast’s” lackey nations (or empires) who’ve “accepted its [monopoly-money] mark”—like e.g. “jewish” Britain and/or anti-Christ Amerika?—wars and world-wars which are the periodic and mass-murderous “harvests” of Satan’s SuperNazi “jewish” “bankers,” banksters, frauds and counterfeiters, debt-token monopoly-“money” creators, printers, lenders and usurers?

And as the Devil and Its demonic kindred (Apo./Rev. 13:4, 20:2, 2:9 & 3:9) are characteristically never satisfied with their ill-gotten gains, with all their supernatural, imperial or “beastly” power and property, perhaps they may soon seek even greater control and power over God’s globe by issuing (or maybe even imposing, coercing or enforcing) personalized, numbered, “scan-able” and trackable “credit” or “debit” cards to all citizens who would “worship” (belong to, submit to, obey and serve and “pledge allegiance” to) their imperial “system,” their supernatural “authority,” their SuperNazi empire or “beast.”

And hopefully not, but perhaps a personalized, numbered and “scan-able” computer chip will eventually be implanted within the flesh of all such human or Gentile slaves, “goyim,” livestock, or “cattle” thus (monetarily, economically, politically and worshipfully) employed by or trapped within the nasty belly of this SuperNazi “beast,” this anti-Christ empire of Satan the “serpent” or “dragon” (13:4 & 20:2), and “administered” by who or what else but Its mutually “chosen people”? (2:9 & 3:9)

* * * * *

And so is this final “mark of the beast” to be some totally nonexistent and imaginary “credit money,” still formally extant as an “image” perhaps, like the present “bank-credit” “dollar,” but otherwise extant only within its “beastly” computing machines, its flesh-implanted computer chips, within the predatory minds and deceitful tongues of its “beastly” “jewish”-bankster creators and imposers, and within the credulous or terrified heads of its “beastly” Gentile dupes, fools or captives?—therein and thereby accepted, believed or credited to be real and true (and monopoly) “money”? And by this Satanic acceptance, reception, faith or submission, “allegiance,” reverence or “worship” of this, “messianic” or Satanic “jewish” “beast,” anti-Christ its “image” and/or its debt-token (or debt-“credit”) monopoly-money “mark,” the Gentile believers or “worshippers” thereof thereby damn their bodies and souls, and thus (monetarily, economically and politically) condemn themselves and their children. (19:20)

(It matters what we Gentiles think, believe, assume, accept, receive. So think smart and think free, and your body will follow.)

* * * * *

And so will we Gentiles “progress” down Satan’s “jewish” path of deceit and damnation from an ephemerally redeemable “paper-gold,” to a eternally irredeemable “paper-gold” to an entirely

imaginable or fictitious “paper-gold”? Or else from a “golden” paper debt-token to a goldless paper-token to a non-paper “credit” token? (Let’s not and say we did!)

For surely all “progressive” forms of such thoroughly evil money is (and should be) irredeemably damned. And surely they must also be the product of Evil’s demonic breed—as surely as all (Godly, Satanic or mediocre) fruit is and must be of its tree. To eat thereof is to be spiritually poisoned. And to believe therein is to worship or revere the Devil, Its “chosen people,” and Its “image” printed or stamped upon Its “beastly” monopoly-money, “mark” or “stamp.” And to thus worship and serve Evil is to damn oneself—not necessarily to eternal “torment” or “torture,” but to eternal death. And that’s punishment enough, don’t you think? But that’s not what it says, is it?

And the third angel followed them, saying with a loud voice, If any man **worship the beast and his** [“its”–By.] **image, and receive his mark** [“taking a stamp on”–By.] **in his forehead, or in his hand**, The same shall drink of the wine of the wrath of God, which is [“mixed undiluted in”–By.] poured out without mixture into the cup of his indignation [“anger”–By.]: and he shall be tormented [“tortured”–By.] with fire and brimstone [“sulfur”–By.] in the presence of the holy angels, and in the presence of the Lamb. And the smoke of their [“torture goes up”–By.] torment ascended up for ever and ever: and they have no rest day nor night, **who worship the beast and his image, and whosoever receiveth the mark of his name** [“whoever takes the stamp of its name”–By.]. Here is the patience of the saints [“endurance of God’s people”–By.]: here are they that keep the commandments of God, and the faith of Jesus. [Apo./Rev. 14:9-12]

And the first [angel–Ed.] went [out of the heavenly temple–Ed.], and poured out his vial [of God’s wrath–Ed.] upon the earth; and there fell a noisome and grievous sore upon **the men which had the mark of the beast, and** (upon) them **which had worshipped his image**. [Apo./Rev. 16:2]

[“And the first went and poured out his saucer on the earth, and it became a rank malignant sore on **the men who had the beast’s stamp and who did reverence to its image**.”–By.]

And the beast was taken, and with him the false prophet that wrought miracles before him, with which he deceived **them that had received the mark of the beast, and them that worshipped his image**. These both were cast alive into a lake of fire burning with brimstone. And the remnant were slain with the sword of him that sat upon the [white (19:11-15)–Ed.] horse, which (sword) [of truth–Ed.] proceeded out of his mouth: and all the fowls were filled with their flesh. [Apo./Rev. 19:20-21]

[“And the beast was captured, and with it the pretended prophet who did before it the tokens by which he misled **those that took the beast’s stamp and did reverence to its image** : the two were thrown alive into the lake of fire that burns with sulfur; and the rest were killed by the rider’s sword that came out of his mouth, and all the birds gorged on their flesh.”–By.]

And is this revered or worshipped “image” of this Apocalyptic “beast” not (as of old) to be “marked,” “stamped” or imprinted upon his or its “beastly” or imperial monopoly-money?

Then went the Pharisees, and [“laid a plot for entrapping him in talk”–By.] took counsel how they might entangle him in (his) talk. And they sent out unto him their disciples with the Herodians, saying, Master, we know that thou art true, and teachest the way of God in truth, neither carest thou for any (man): for thou regardest not the person of men. [“and care for nobody, for you do not look at men’s faces;”–By; (as in men’s facades, masks, pretensions, offices?)–Ed.] Tell us therefore, **What thinkest thou? Is it lawful to give tribute** [“pay taxes”–By.] **unto Caesar, or not?** But Jesus perceived their wickedness [“discovering their rascality”–By.], and said, Why tempt (ye) me [“Why are you trying tricks on me”–By.], (ye) hypocrites? **Show me the tribute money** [“coin for the taxes.”–By.]. **And they brought unto him a penny** [“denaris”–By.; (a Roman silver coin)–Ed.]. **And he saith into them, Whose (is) this image and superscription** [“this portrait and

this inscription”—Ed.]? **They say unto him, Caesar’s. Then saith he unto them, Render therefore unto Caesar the things which are Caesar’s; and unto God the things that are God’s [“Then pay what is Caesar’s to Caesar and what is God’s to God.”—By.]. [Matthew 22:15-21]**

And if you substitute the current (yes current, present, extant) “messianic,” Satanic, imperialistic, supernational or SuperNazi “jew” “beast” of Jew York City (and its Jewnigted Nations) for this ancient Caesar of imperial Rome, do you not then have the present, current, “beastly,” Apocalyptic, monetary truth and reality?

Has Satan’s whore-queen of Babylon and Jerusalem not historically moved from Rome to Jew York City, Amerika (and back to Jerusalem)?

(See “The Imperial World-Bank and ‘Beastly’ Monopoly-Money of the Jewnigted Nations (?)” below.)

And by the way, if the dead American presidents (Jackson, Lincoln, Jefferson and Washington, not forgetting non-president, Benjamin Franklin) could see the use their “jewish” enemies have made of their images, their likenesses and their reputations to thus legitimize this fraudulent, anti-Christ, debt-token monopoly-money by which their beloved country and state of liberty was thus deceived, defrauded, conquered destroyed and enslaved, would they’d not come out of their graves enraged and screaming at their exploitative and defamatory racial and spiritual enemies?

* * * * *

Once again from Satan’s mutually “chosen people’s” plot against God and all humanity:

...it is probably all the same to the world who is its sovereign lord, whether the head of Catholicism or **our despot of the blood of Zion!** But to **us, the Chosen People**, it is far from being a matter of indifference.

...Per Me reges regnant. “It is through me that Kings reign.” And it was said by the prophets that we were chosen by God Himself to rule over the whole earth. God has endowed us with genius that we may be equal to our task.

[I.E. it’s all God’s divine purpose and intention, not their own and their father’s. (John 8:44) Do you too believe in Satan’s “chosen people,” dear reader? Are you too a “worshipper” of this SuperNazi, anti-Christ, “Zionist” “beast”? God forbid!—Ed.]

Were genius in the opposite [i.e. Godly and Gentile—Ed.] camp it would still struggle against us, but even so a newcomer is no match for the old-established settler; the struggle would be merciless between us, such a fight as the world has never yet seen. [See e.g. “jewish” England verses Napoleon Bonaparte or “jewish”-Amerika and England verses Adolf Hitler (and hence World War II)—Ed.] Aye, and the genius on their side would have arrived too late. **The wheels of the machinery of all States are moved by the force of the engine, which is in our hands, and that engine of the machinery of States is—Gold.** [pr. 5]

And there are some foolish friends and misleading enemies who presently preach a return to the “gold standard” via “fractionally backed” “paper-gold,” like the present “euro”?

But was it not was by way or road of just such a “paper-gold” that we arrived in this hellish, Satanic, “jewish” state wherein we find ourselves today? Did the inevitable and predictable failure of that fraudulent, “central” bankster’s “paper-gold” in 1933 not lead directly to the official inauguration and reign of his “beastly” debt-token, monopoly-money from that day unto this? Was this latter, fraudulent, “central” money not the “central” substitute for this former fraudulent “central” money, this “paper-gold”? You can’t possibly escape the Devil’s (monetary, economic, political) damnation by taking the “golden” road which leads therein.

Do you smell “your” “centrally”—shielded red-rat bankster yet, dear European? For such is the nature and character of this “central,” anti-Christ, SuperNazi “beast” and its debt-token, monopoly-money “mark”—a Satanic “jewish” conception, creation, imposition and perpetration upon the Gentiles. (Apo./Rev. 13:11-18) Is all this not precisely so? Or am I mistaken?

And so the monetary solution, dear reader, is not yet more fraudulent money, or a return to an earlier fraudulent money (such as this “paper-gold” “euro”), but honest money now and at last before into the pit we’re irredeemably cast. (See The Economic/Monetary Problem and Solution.)

Can you dig (your way our of) it?

* * * * *

Like a letch misleading a maid down some dark garden path into sin, Satan’s demons have been and are continuing to mislead us Gentiles step by step into their Marxist, “communist” “jewish” hell on earth, into their supernatural state, their Satanic world-kingdom, their “messianic” empire or SuperNazi “beast.” (So let’s not go there.)

Is in not precisely via their evil, Satanic or “beastly” “money” (and the traitorous whores and wars they bought with it) that they have historically acquired so much property and power over us all? And so maybe we Gentiles should perhaps stop believing, crediting, revering or worshipping their “beastly” monopoly-money, “mark” or “stamp”!

Just a thought, just a suggestion. What do you think, dear reader?

* * * * *

My Dear Europa,

“My, my, my, my Europa,”

What ever happened to those former days when European crowns, kings and queens were truly European, Aryan and Christian—and hence (at least to some degree) were faithful stewards of God’s earthly kingdom?—instead of being false, hypocritical, demonic pretenders to His throne—like that eternal “false prophet” way down there in Rome. (Matt. 24:45-51; Apo./Rev. 13:11-16, 19:20 & 20:10)

What ever happened to all those European kings and queens, like Isabella of Spain, who were (at least to some degree) faithful shepherds of God’s beloved sheep? I mean real and actual protectors of God’s European children against human wolves: i.e. anti-Christ, Roman Catholics, Mohammedans, “jews,” usurers, “Marxists,” “communists” and all other deceivers, predators and plunderers. For these faithful (and hence truly “royal”) shepherds were not (like today’s “European” leaders) the secret agents, appointees or nominees of these very enemies of God and of His earthly kingdom—who, although the anti-Christ murderers and usurpers of the Lord (Matt. 21:33-46), yet blasphemously claim and pretend to this very day to be His “chosen people” and His earthly heirs—as if they and their demonic kindred could forever kill God and forever keep Him dead. (John 8:44 & 10:17-18)

The evil power of the world-wide sinagog of Satan is over God’s usurped earth, and over earthly life and death, but not over Life Himself. (Apo./Rev. 2:9 & 3:9 & Matt. 10:25-28) Satan’s “royal” or “central” demons rule via the power of their Satanic lies, deceits, and pretensions, and hence by the stupidity or faith of their dupes and fools, and by the vice of their evil or “beastly” money, and by all things which such evil money can buy: mass-media, real estate, mercenaries, etc.—and especially those traitorous, demonic “Gentile fronts” who sit as Judas goats and “public servants” within their “jewish” masters’ “public” offices—who and which have thus replaced the murdered and usurped Gentile kings and their demolished thrones.

(The Germans, e.g., haven’t had a truly pro-German leader since Hitler, or rather Doenitz. Nor the French since Napoleon. Is this not so?)

Surely these “royal” or “central” anti-Christian masters and their traitorous (presidential, parliamentary and judicial) servants shall each receive their due reward when Justice at last comes to one and all. (Apo./Rev. 22:12; Luke 19:12-15 & :27)

Were the old, former crowned heads of Europe, both Gentile and Christian, not chopped off into bloody baskets, etc. by their blood-red “jewish” assassins and murderers, successors and usurpers?—by that interlocked, supernatural conglomerate or SuperNazi cabal of “central banking” corporations?—those most nasty dynasties—anti-God, anti-Gentile anti-Christian and anti-hunanity—yet still reigning to this dark day over my yet still prostrate, plundered, bleeding, bound and ravished queen, Europa?

Will this ever forever do for me or you, my dear Europa? Would you like to remain where you have fallen? Or would you like a hand back up upon your royal mount again? What color is he now, my queen?

Who was your very last good-shepherd or Christian king to expel many (if not most) predatory “jews” or anti-Christ wolves out of his Godly European kingdom?

And how then do you honor him, my dear Europa?

Or have you too become an anti-Christ traitor or “jewish” whore? (But Heaven forbid and bar the door!)

* * * * *

But for truth’s sake I must say to you, my dear Europa: Many of your citizens have extremely bad judgment and taste (almost as bad, “jewish,” anti-Christian or Satanic as “jewish”-Amerikan tastes) to have rejected, derided, expelled and even slandered Lords Napoleon and Adolf (as if the Devil Itself). And all in favor of and preference for the Devil Itself, and hence Its “bestly,” SuperNazi, imperialist or “communist” “red” spawn; their anti-Christian, anti-Euro, anti-Aryan, “central” bankster dynasties; and hence their treacherous “central” Gentile fronts, official puppets, and public enemies within your highest public offices!

And so many a Satanic European bastard has gotten exactly what he and his fathers so fervently prayed and so vehemently fought for: The rule or overlordship of Satan’s “chosen people.” Is this not so?

Do you not yet know your evil masters by their dark and bitter fruits, their malevolent deeds, their harmful impact upon you and yours?

And was that, is that, not in the worst possible (spiritual, racial, political, economic, monetary) taste?

You don’t know what good you’ve got ’till it’s (or he’s) gone.

And so be careful what you or your citizens desire, my dear Europa, ’cause you or they might just get what you wish for (once more). (Luke 19:12-15 & :27)

See how these traitorous public enemies within your highest “public offices” presently reign over you, my dear Europa, imposing and enforcing the malevolent designs of their Satanic masters upon you and yours: the “Balkanization,” Negriodization, bastardization and degeneration of your Aryan races; their predatory debt-token, monopoly-money, and the cyclical economic trips and traps such evil money facilitates; and all those Satanic “jewish” deceits, slanders and persecutions against “the best of [your] Gentiles.” See how your religious, genetic and Satanic enemies rail and persecute those Gentiles among you good enough to tell the truth about “Uncle” Satan’s world wars against you, my dear Europa, and even those who merely (publicly) question, doubt or disbelieve their false and slanderous anti-historical dogmas: their hateful, venomous, atrocious, poisonous war stories; their genocidal hate propaganda against those “best of [your] Gentiles” who must always and everywhere and by definition oppose such intolerant evils and their perpetrators; and yes even in modern day Europa.

For a genuine shepherd defends his or her flock (against Satan’s “humanistic” or “communistic” wolves in sheep’s or shepherds’ clothing). (John 10:11-14 & Matt. 7:15-20) And a true “royal” defends his or her Lord’s subjects (from His Enemy’s demonic, “messianic” or Satanic bastards). (John 8:44)

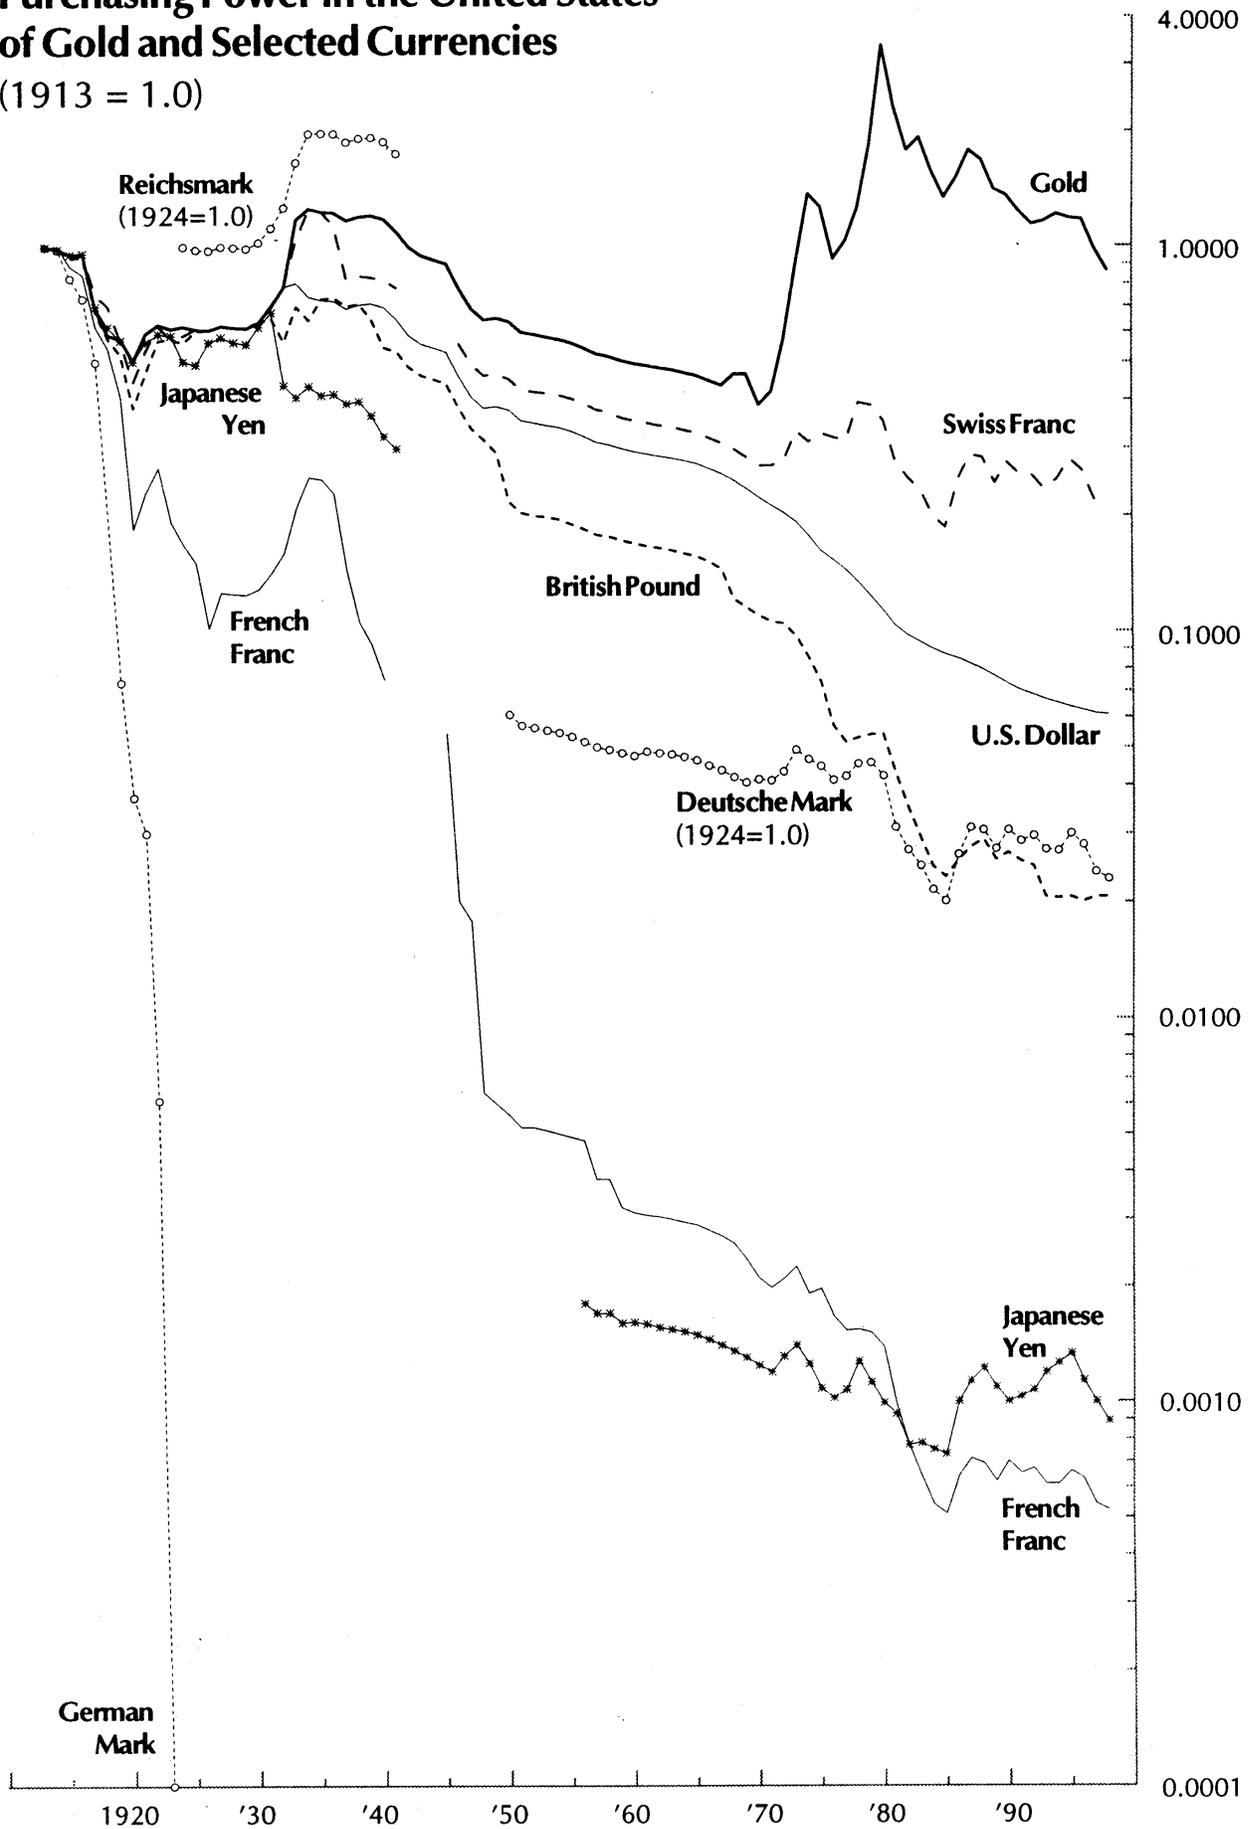

And so which are you, my once (and future?) dear Europa : a loyal Aryan Christian queen or an official anti-Christ racial traitor? A pure, royal, Aryan-Christian maid or a “jewish” “public servant,” political prostitute and/or whore?

* * * * *

Not to change the subject, my dear Europa, but take a look, if you will, at the chart before you showing the declining debt-paper or debt-token-currencies of the 20th century. And all of them falsely claimed to be gold!

It is from an independent (and trustworthy) American source from western Massachusetts: the aforementioned American Institute for Economic Research. (The AIER Chart Book, 1999, p. 7)

Purchasing Power in the United States of Gold and Selected Currencies (1913 = 1.0)

Note: Purchasing power calculated from the implicit price deflator for U.S. GDP and the exchange rates of foreign currencies for U.S. dollars.

And so once again for all to see, each monetary fruit is of its tree.

(Editor's note: I don't know about the yen nor any "implicit price deflator for U.S. GDP," though I've heard of "Gross National Product" or GNP. Certainly Japan did not have a "jewish" "central bank.")

This chart starts in 1913, the year of the enthronement of the "jewish"-Amerikan central "bank"(sters).

These falling paper-moneys (with one exception) all claimed all the while to be golden. But I guess they weren't so golden after all, were they? Just see them fall against the (stable) value of gold—the very thing (with one exception) they all the while piously pretended to be.

Gold did not fall; but these "paper-golds" did. Gold is the standard of stability.

Note how the Swiss franc did best, losing about 80% of its value or "purchasing power" from 1913 (1.0) to 1999 (0.2).

* * *

("But if gold is stable, as you say, then why does it range within this chart from down around two-fifths (0.4 in 1970) to up to 3.5 times (1980) its value or 'purchasing power' in 1913?")

Gold is said to be most stable or unchanging thing on earth, whose value over time therefore varies least of all other earthly things. Gold is said to remain equal to itself over time. But here gold is measured over time against other things, variable things, various "paper-gold" moneys, and first and foremost, American "paper-gold." And so I would guess the variation here is almost entirely in these various "paper-golds," and not in gold itself.

(But note how one currency follows gold exactly. Whose then could that currency possibly be?)

Paper can lie as well as you or I that it is gold or "good as gold." But gold cannot lie that it is gold or "good as gold." (And if it could we've be fools to believe it.) But here in this chart we all can see how much these "paper-golds" lied indeed. See how far they all fell below gold, except one.

But that's to be expected, isn't it? For he who has gold pays gold. And he who lends gold lends gold. But he who lends "paper-gold" and demands gold ("principal" & "interest") in return is clearly a gold thief, crook and/or ("foreclosing") robber, who therefore cannot and should not ever be trusted, believed nor credited.

And so, with the exception of the yen, these "paper-golds" fell so miserably short of gold because their various crowns (or "central banking" corporations—who are really not so various at all, being the interbred or inbred descendants of their Satanic "RedShield" patriarch and his anti-Christ kindred) kept printing and loaning their false and empty "paper-gold" promises to their various national puppet-governments for them to spend in the eternal "messianic" or Satanic war of their anti-Christ or "jewish" masters against God and humanity, truth and justice, peace and (Gentile) prosperity.

* * *

In fact it wasn't until 1913 and the inauguration/coronation of the "jewish"-Amerikan "central" banksters that they and their "European" brothers or cousins could launch their first world war against Germany. For this first imperial "jewish" atrocity against Europe was "financed" by this brand-new "central" "Federal Reserve" bank of Amerika, and was thus largely paid for (in treasure and some blood) by the stupid, docile and demonically dutiful Gentile American taxpayers—who are clearly incapable of learning from experience or history.

(For obedience to their "Uncle" Satan is no virtue at all, but a most vicious and mass-murderous vice. But they don't think so. These first-class Amerikan morons think they're most "patriotic." They're convinced their imperialism or SuperNazism is "patriotism" and "liberation." (See their "liberation" of eastern Europa, e.g. And why don't they liberate themselves first?—(Matt. 7:1-5)

And why do Americans believe they are "patriotic liberators"? Because they want to, and because they're possessed by their "Uncle" Satan, Its "chosen people," and their mass-media

monopoly in American (and elsewhere). (Have you never heard that Evil or the Devil cannot take or possess you unless you willingly give yourself over to It?) And so look out world, here come the "Yanks"!—or rather the yanked, the Satanically puppeted, controlled, zombied, possessed!)

And after their first world "war to end all wars" and/or "to make the world safe for democracy," the supernational central banksters then lopped off all Germany's colonies, dismembered the country within the continent and gave the parts away, and starved and looted a defeated, prostrate and truncated Germany. The "jewish" SuperNazis demanded their astronomical "war reparations" (booty, plunder, tribute) at their Versailles (Paris, France) convocation. And they had their "German" "central" bank branch (and cousin) print up all "paper-golden" "marks" they demanded. And so, as malevolently intended, the "mark" therefore plummeted against real and true gold (and all the other "paper-golds" besides) into an abyss of complete and total worthlessness. (See chart.)

For monetary creation or "inflation" is the Achilles' heel of all token-moneys. And "paper-gold" is (not gold but) paper, and therefore token-money. "Paper-gold" (such as this "German" mark) is merely paper promising gold. And "jews" papers can lie as well as "jews" tongues, maybe even better, because Gentiles might not know the lying "central" "jewish" source of the paper.

* * *

In January 1919 an ounce of silver cost 12 "paper-gold" "German" "marks" and an ounce of gold cost 170.

In September 1922 an ounce of silver cost 1,899 "paper-gold" marks and an ounce of gold cost 30,381.

On August 7, 1923 an ounce of silver cost 4,273,875 marks and an ounce of gold cost 68,382,000.

And on November 30, 1923 an ounce of silver cost 543,750,000,000 marks and an ounce of gold cost 87,000,000,000,000.

(Source: Peter Kershaw's booklet, Economic Solutions..., 2nd Ed., 1997, p. 13.)

* * *

From 170 to 87,000,000,000,000 "marks" within three short years. That's "inflation" for you. Or that's what "inflaters" can do to you.

170 "marks" in Jan. 1919 had the value or "purchasing power" of 87,000,000,000,000 "marks" in Nov. 1923. In other words, it took 87,000,000,000,000 of the latter to buy what 170 of the former could buy three years before: an ounce of gold. And yet all the while this "mark" (or rather its "central" banksters) claimed to be golden or "good as gold." They weren't. They were "jews."

And so that's what happened to the "paper-gold" "mark" of the "jewish" "central" bank of Germany after the first world war of the SuperNazi "jews" against that leading and excellent Gentile race and nation. And then, as malevolently planned, as surely as they knew what their "hyperinflation" would do to their "German" "mark," these "jewish" "central" banksters and their predatory kindred then poured into Germany with all their various foreign "paper-golds" to buy up that monetary/economically sabotaged nation for a "dime, a nickel or a penny on the dollar." Is this not so?

(And in this monetarily or economically predatory vein, don't miss "Moses' Story of 'Joseph,' the Predatory 'Hebrew' 'Speculator,'" below. For the "Hebrew" leopard has evidently not changed its predatory spots since the time of Moses.)

And all those "jews" who ceaselessly accuse Lord Hitler of robbing "jewish" gold, businesses, property or art-work never mention this little episode in the history of Germany and of "jewish"-German relations. Do you notice that? To this day they yet demand "reparations." Is this not so? And yet if accounts of racial offenses were truly added up, or justice were truly sought and found, then who would owe whom, and how much?—or which race or nation would owe which, and how much?

* * *

And yet there was one monetary exception to this "golden" rule of the declining value of "paper-gold" money over time. Can you find it?—or rather him?

It was the one paper- or token-money which (after 1933) did not claim to be “paper-gold” at all. And so, unlike all the others, it never lied about its real and true value. **And yet it was the only one that was truly “good as gold”!** (Go figure!) Is that paradoxical, or merely Gentile?

It was (at least after 1933) the truly German replacement of the “jewish” “German” “mark” which was printed, created or “inflated” into worthlessness by the “jewish” “central” crown as part of their monetary, economic and political attack, destruction, plunder and dispossession of that Gentile nation. And why they decided to have a genuine “paper-gold” between the introduction of their new “German” “Reichsmark” in 1924 and their dismissal by Lord Hitler nine years later in 1933, is something you’d have to ask them. But as with the instability of their earlier “mark,” you can be sure this stability of their “Reichsmark” wasn’t at all for the good of Germans or Germany.

Yet can see from the chart how this “Reichsmark” closely follows, mirrors or shadows gold. Like the Swiss “franc” until 1936, this paper-money was obviously closely tied to gold, both by the pre-Hitler (or Weimar) government, whose central “jewish” masters had “inflated” its predecessor into worthlessness, and by Lord Hitler’s government in Berlin. This honest money “mark” of the German Reich existed between 1924 and its violent discontinuance in 1945 by the victoriously “allied” “jewish” “central” banksters—(as if they were ever unallied or divided).

(See The Economic/Monetary Problem: “On ‘Honest’ Abe & Lord Adolf’s Shining but short-lived ‘Cities on a Hill’ ” for their real and true motives, intentions and purposes.)

* * *

But naturally, characteristically and of course, their intentions weren’t at all what they said they were. For Darkness never comes into the light to show Its true self and colors to one and all. It fact Darkness characteristically pretends to be Light itself. (2 Cor. 11:14) (For what better disguise? Or what better lie? Or how could the Gentile public possibly be more distracted or further removed, distanced or estranged from the truth?)

And so naturally, characteristically and as always Satan’s “chosen people” blasphemously claim and pretend to be God’s.

And so if Darkness is to be publicly seen at all, It must be exposed by something or someone other than Itself—something or someone most enLightened, un-“kosher” or anti-“jewish”—like God. (John 8:44 & 3:19-20)

And Darkness also characteristically slanders or casts Itself upon Its opponents—accusing, condemning and persecuting Godness and Light for their Dark sins. (John 8:48) See/hear e.g. their ceaseless, strident and slanderous accusations against Gentiles of “holocausting,” “genociding” or “mass-murdering” (civilians, captured soldiers) them. (But for the truth, which is the exact opposite, look in the upcoming Political Appendix for On Recognizing (Demonic) Terrorists (through their Slanderous Masks): “Allied” Terror-Bombing during W.W. II)

And so the bloody, Satanic, mass-murderous “jewish” Wolf pretends to be the poor, bloodied, victimized Lamb hanging upon a Christian cross. What else? What else can be expected from Satan’s spawn but a complete reversal of truth and falsehood, Light and Darkness, Victim (or victims) and victimizers? For such is the method of the Devil, the Slanderer, the Murderer, the Father of lies and Patriarch of darkness, and hence of Its demonic descendants. (John 8:44)

* * *

But here the true and “central” purpose of (anti-Christ & SuperNazi) Darkness was to wipe out all honest money (and therefore Gentile money) from the face of their Godless, Lightless “jewish” earth. And it was to destroy Lord Adolf’s European kingdom of Light. And the SuperNazi mission of Satan’s “allied” anti-Christ was accomplished—with the especially Satanic, mass-murderous and slanderous assistance of anti-Christ Amerika and Britain.

(See how their evil “jewish” money keeps falling over time, and will continue to do so. For it is the nature of the SuperNazi “beast” and “its,” “his” or their predatory monetary “mark.”)

* * * * *

From the aforementioned Fourth Reich of the Rich by Des Griffin, p. 263,

I shall even say that **Hitler** had been lucky; he **had almost no gold and for that reason he was not tempted to create a gold reserve. Insofar as he only possessed a full monetary**

guarantee of technical equipment and colossal working capacity of the Germans, his “gold reserve” was technical capacity and work..., something so completely counter-revolutionary [i.e. anti-“jew” world-conquest, and hence pro-worker and pro-Gentile-Ed.], that, as you already see, he has by means of magic, as it were, radically eliminated unemployment among more than seven million technicians and workers.

(So “What’s it all about, Alphonse?”)

Lord Hitler booted the “central” banksters off the national German throne, and, like president Abraham Lincoln “four score” years before him, Adolf printed and spent into circulation his very own “unbacked” and “irredeemable” debt-free, paper-money. (The poor, looted Germans had no gold to “fractionally back” this money even if they or their Leader wanted to.) And so Hitler’s Germans owed neither “principal” nor “interest” to any “royal” or “central” “jewish”-German crown or king. And so Adolf’s gov’t was not a traitorous Gentile puppet-gov’t of a publicly hidden, corporately concealed, anonymous and irresponsible “central” “jewish” crown. And so good for him and his German “Reich” and his honest and truly German “Reichsmark.”

And so of course Lord Hitler was hated for that by the kindred, intermarried and interlocked cabal or syndicate of supernational (or SuperNazi) “central” bankster-“jews,” and for his honest, goldless, debt-free paper-money. And so they naturally and characteristically plotted against him, as they did against Lincoln before him, and perhaps also Kennedy after him.

Hitler, this un-educated and elementary man, has restored (thanks to his natural intuition and even against the technical opinion of Schacht [Hjalmar, German Minister of Finance/Economics under Hitler, “show-ried” at Nuremberg, 1945-46-Ed.], an economic system of a very dangerous kind [i.e. to the SuperNazi sinagog of Satan, or the “jewish,” “messianic” or Satanic “illuminati”-Ed.]. Being illiterate in all economic theories and being guided only by necessity he removed, as we [Soviets-Ed.] had done it in the USSR, the private and international capital. That means that he took over for himself the privilege of manufacturing money, and not only physical moneys [“of metal or paper” (p. 246)-Ed.], but also financial ones [“credit monies, i.e. false, fabricated ones” (p. 246)-Ed.]; he took over the untouched machinery of [money creation, fabrication or-Ed.] falsification and put it to work for the benefit of the State [the people, i.e. Germany and Germans-Ed.].

...**There is only one solution—war** [to destroy the “economic miracle” of Hitler’s Germany, and the economic/monetary knowledge or light upon which it was based-Ed.]. [ibid., p. 263]

And so to the supernational or SuperNazi “central” “jewish” banksters, that honest, debt-free Gentile or German money was the most unforgivable crime possible. In the eyes and judgment of Satan’s highest or most “central” sanhedric demons, it was the most “mortal sin,” because, you see, it struck a mortal blow at the SuperNazi “beast.” If this German money were to stand, their imperial “beast” would eventually fall. If this German Light were to spread world-wide, their SuperNazi Darkness would be exposed, undone, extinguished. (John 11:47-51) And the world-wide sinagog of Satan simply couldn’t suffer that. (Apo./Rev. 2:9 & 3:9)

And so at that time, in 1933 or soon thereafter, the international, supernational anti-Christ demons railed in demonic choral unison against this new, “centrally” unbacked and hence “debt-free” German “mark”: goldless, unbacked or “irredeemable.” For it was backed instead by the honesty, integrity and trustworthiness of the “royal” German creator or king of this debt-free paper-money, and by German workmanship, productivity, and well-known, first-class quality.

“Its not gold-backed, so it can’t be true!” hissed the “central,” “beastly,” SuperNazi “jew”! But again, judging from the chart, their “paper-gold” moneys were also “unbacked,” and certainly not as “good as gold.” See how far they all fell short of gold. But like all “good jews” everywhere, they simply lied about it, as with nearly every other vital and basic truth—such as their true relation to God, the Gentiles and all creation.

And so of course and naturally their “paper-gold” money wasn’t “golden” or “good as gold.” And yet these slanderous, SuperNazi, anti-Christ demons railed against the one paper- or token-money which **was** “good as gold,” and yet which (after 1933) did not claim to be golden at all. See

again from the chart how, although this German “Reichsmark” was a goldless or “unbacked” mere token or paper-money, yet it still faithfully followed, mirrored or shadowed gold! (Go figure!)

That’s called “stability,” “honesty,” “integrity.” And it’s clearly not a “central” “jewish” trait.

“...The stone which the builders rejected, the same is become the head of the corner...”—
(Matt. 21:42, Mark 12:10 & Luke 20:17)

But here the anti-Christ destroyers rejected the Gentile foundation stone precisely because they recognized it/him for what he was. Here they would not allow the Gentile state-building or temple to be built at all, or to stand for long once it was constructed (i.e. from 1933 to 45). Hell, isn’t that what destroyers do? (Again, see “Lord’s Adolf’s City on a Hill.”)

And here again the “jewish” “central” bankster accusers were infinitely more guilty than he whom they accused, condemned and all but murdered. And such false accusation is called “slander.” And slander it is the mark, character and method of the Devil’s (i.e. “Slanderer’s”) seed, breed or kindred, as noted by both Moses and Jesus. (Ex. 20:16 & John 8:44) Slander is spiritual mud-slinging. Monkeys throw their dung at you. Satanic “jews” their sins. It’s who they are. It’s what they do. And all the while their Father grins.

* * * * *

And these demons and their American “Uncle” immediately declared economic and diplomatic world-warfare as soon as Honesty and Integrity ascended the German throne. (This was in Jew York City, Madison Square Garden, in 1933, and broadcast over their radio network, WABC. Is this not so?) The SuperNazis called for a world boycott of all German products, and hence of German money, and their traitorous Gentile puppet-govt’s around the world of course complied with their super-“central” dictate—at least against his honest German money, by refusing to accept it, demanding gold instead.

But Germany—(supernationally looted by the supernatural “jews” since their Versailles “peace treaty,” or rather dictates)—simply didn’t have any gold. And so Lord Hitler is said to have been thus internationally forced to internationally borrow sufficient gold or “paper gold” (and from who else but from those who create, print and lend such evil money: Hitler’s boycotters, the supernatural “jewish” “banksters”?) to pay for imports from those nations who thus refused to accept his honest but goldless debt-free paper-money, his “Reichsmark”—which again was the only money which was truly “good as gold” among all those other paper-moneys which merely pretended to be. (Isn’t that ironic, or something?)

I wouldn’t be surprised if this loan(s) actually occurred. But slanderous Hitler haters and their misguided “historical” dupes make much of this alleged international loan(s) to suggest or allege that Hitler was a paid agent, employee or willing tool of the international “jewish” banksters.

But ask yourself: Would they have paid and sent him to strike a mortal blow at their “beastly” monopoly-money “mark” by creating an honest, debt-free Gentile money to replace it? Does that make sense to you? Or would that make “dollars” for the “jew”?

And if Hitler was thus forced by the supernatural “central” banksters (via their international boycott of his honest, debt-free German money) to borrow from them (and doubtlessly at the most extortionate “interest” rates), did he not pay back these international loans with all “due” “interest”? (No one alleges that he did not.)

And of course, like all the rest us in whatever we choose to do or not do, the international lenders had whatever gainful or selfish motives they had in lending Hitler these supposed “golden” loans, but that doesn’t make or prove him to be their agent or employee. At most, it merely makes or proves him to be their (political, monetary, economic) subject, like every one else on the planet, in so far as he was thus forced by them to borrow from them, (again doubtlessly at extortionate “interest” rates). But that’s all. And so what?

But do you see, dear reader, how little truth and reality has to do with “jewish” history books, and with their international (or rather supernatural) relations with the Gentiles?

* * *

And then 6 years later, in 1939, after world-wide torrents of venomous, slanderous, poisonous “jewish” anti-German hate propaganda, and via their SuperNazi agents Rosenvelt in

Amerika and Churchill in England, and hence via anti-Christ or “jewish-Amerika, -England, -France and -Poland, the SuperNazi’s succeeded in escalating their spiritual violence against Germany into physical violence; their economic, spiritual (hateful, slanderous, mass-mediated, propagandistic) and diplomatic war into a shooting, invading, bomb-dropping, mass-murdering war of SuperNazi “jewish” aggression and imperial conquest clearly intended to extinguish the only Light (which by nature or character clearly outshines and illuminates the Darkness) and Hope of the world, and to destroy the only honest coin in Europe. And that’s exactly what they did—with more than a little help from their Satanic “allies,” or rather subjects).

Note how the truly golden “Reichsmark” line ends by 1945, and the “Deutsche Mark” begins after 1950. (Jewish-American “occupation marks” filled the interim.)

And I’ll bet the latter “Deutsche [“German”] Mark” was a “jewish” “central” bankster, debt-token, monopoly-paper-money—“centrally” **loaned** to the German puppet-gov’t and the German public until this brand-new, debt-paper, monopoly-money “euro” began some 50 years later.

And surely the “euro” is the very same kind or species of poisonous and predatory monetary fruit coming from the very same poisonous and predatory monetary tree: the evil, nasty, SuperNazi dynasty of interlocked and intermarried, “royal” and conquistadorial, “jewish” “central” bankster families.

And so the short, 12 year interlude of honest Gentile European money and actual Gentile European government or sovereignty was decidedly, violently, mass-murderously ended by the SuperNazi “sinagog of Satan” and Its/their anti-Christ “allies.” (Apo./Rev. 2:9 & 3:9)

* * *

And so after this, their second “glorious” victory over (what was left of) the free Gentile world, the “messianic” Satanists or anti-Christ imperialists then imposed their “beastly,” “paper-golden,” “jewish”-Amerikan “dollar” upon all the Gentile nations they had thus conquered, along with all those they’d already possessed: Amerika, England, France, etc.

(See “The Beast from Bretton Woods,” lurking down below, within An Apocalyptic Beast or Two, in case you didn’t know.)

And don’t these SuperNazi Anti-Christ next intend to propose or impose a world-wide token?—and of what other kind of species of token but their very “beastly” own of course: a world-monopoly-debt-token? And what would such a “mark” as that portend and entail if not the entire Gentile world to be slowly (monetarily/economically/politically) squeezed to death, devoured and slowly digested within this Satanic snake, this imperious dragon and/or Its SuperNazi “beast”? (Apo./Rev. 13:4 & :11-18)

So let’s not ever go there, folks! What do you say?

* * * * *

An honest money—(and therefore a Gentile money, even if a merely paper or cheap metal-money)—keeps its value over time. (And therein lies its honesty, integrity, stability, trustworthiness.)

But a dishonest or theft-money does not keep its value over time—regardless of what it claims or pretends to be—even (and especially) if “good as gold” or “paper-gold.” And even (and especially) if its counterfeiters, printers, creators and lenders or usurers claim to be the divine seed and breed, the princely sons and daughters, the “chosen people,” race or nation of God Himself, and/or those to whom He gave, left or bequeathed His world, His kingdom, His throne, His authority. But the truth is rather that they and their father Satan usurped God’s earthly kingdom...even to this day. Is this not so? (Matt. 4:5-9 & 21:33-46) Even to this day, the “jews” (through Moses and their mythical fathers, “Abraham, Isaac and Jacob”) claim God’s earth and throne for themselves. (Matt. 23:2)

And as surely as all fruit is like its tree, so this “paper-gold” money of Satan’s “chosen people” is surely as false and fraudulent as their claims to divinity. (John 8:41) The very demons who hate God most—(murderously, Satanically, even deicidally)—are the very ones who exclusively claim for themselves His divine love, blessings, preference, favoritism, chosenness, authority, legacy and world-kingdom. (Matt. 21:33-46) Go figure. Like Satan, like son. (John 8:44)

As we saw in the monetary time chart above, every false money declines over time—even if it all the while sanctimoniously claims to be golden, and imposes itself as a “legal” monopoly-money under that unctuous pretension. Such theft-money is like shifting sand which no Gentile can trust nor build upon. For its value or “purchasing power” falls over time or shrinks in your hand. And you don’t want to be left holding a shrinking bag of shrinking theft-money. And your monetary loss would be your banksters’ gain.

These banksters are money-thieves or money-changers. They pretend to change their paper into gold. And they want to exchange their false and worthless paper-promises for your true values. Your labor and produce they thus steal via their false paper, precisely like any and every other counterfeiter. And if it’s a monopoly-money (a “crime” to refuse or not to use) then they don’t steal but rob your values. And that’s not very nice, loving or “public spirited” of them, is it?

But, if you notice, the banksters don’t and won’t tell you this nor that. In fact they tell us (via their “central” lackeys) little more than lies. They don’t and won’t (monetarily, economically or politically) warn us—as little as stalking wolves ever warn sheep that they’re stalking them, or as little as bank robbers or burglars ever inform the police of the bank they’re robbing or burgling. Therefore someone other than these “central” and “commercial” banksters must warn you, dear reader, if you are ever to know, recognize, beware and avoid them and their debt-paper monopoly-money trap. But who? That is the monetary question?

And most of all, they won’t tell us who they are. (Is their identity not the greatest, highest and most closely guarded state secret? Heck, does the “state” even know?) And yet “inquiring minds want to know.”

* * *

But while we’re patiently awaiting for this new “European” corporate crown, king or dynasty to answer our inquiries, to “sign in stranger(s),” to come into the light and be recognized, and thus identify themselves to Europa and all the Gentile world, let us proceed with our investigations. For we must wait forever for Darkness to come to Light. (It’s not Its nature, character, disposition. It’s against its crooked grain.)

Imagine not even knowing who your king or queen is! Imagine not even knowing you have one! Imagine believing the traitorous prostitutes and “central” lackeys of parliament were your sovereign kings (or queens)!

But your king is whosoever wears your crown, sits upon your throne **and/or** coins your money! One’s “royal” sovereign may merely do the latter, and yet thereby also wear your crown and sit upon your national throne—however invisibly, anonymously, irresponsibly and/or “centrally.” For the creation of money, and especially token-money, and especially monopoly-token-money, is the highest power, “authority” or magic possible to (“royal”) man or “beast.”

But the old (and yet still reigning?) “European” “central” banksters never “signed in.” Why then should the new? And are they not (like their evil debt-token, monopoly-money) one and the very predatory same, but now under a different mask and name? Does the same rotten, poisonous, monetary fruit not point to the same rotten, poisonous family tree? Methinks so, my dear Europa. And surely it is not your most ancient and noble family tree.

We’ve all heard of “ladies-in-waiting”; but “kings-in-hiding”? What’s all this then? What does this portend? Is it Godness, Beauty, Virtue or Benevolence which hides in darkness, fears the light, trembles in our unobstructed sight? Or is Godness and Beauty unafraid of the light, and hence to stand within our sight? (For what has Godness or Beauty to fear but our stunned and dazzled admiration?) Not so with Darkness, Evil or Predation. They fear justice, pay-back, castigation. Does **Hideousness** not insist upon hiding deep within Its Darkness or prowling far behind Its mask(s)—corporate or otherwise? (John 3:19-21)

Yes, methinks the new (masked, anonymous, irresponsible or “unliable”) corporate owners of “your” brand-new, “central” monopoly, debt-token “euro” (and hence of your European crown or throne) are in fact the old corporate owners and the old “central” banksters reincorporated or “consolidated” together into and under a brand-new corporate body, identity, mask and name.

And beware, my dear Europa! Darkness or Evil may wear more than one mask. “Your” brand-new, continental, “central European bank,” “your” most supreme, sovereign or “royal”

corporation may itself be owned by other (even identical) corporations—such as the various old “central banking” corporations of the various individual European nations—whose agents no doubt suggested, initiated and promoted this creation of “your” brand-new “European” coin and hence this brand-new continental crown, throne, sovereignty and regency—who and which is something quite other than you, my dear Europa, and something vehemently opposed, hostile, hateful, harmful, malevolent and predatory toward you and yours. For it is an extremely dark, concealed and Satanic evil: anti-Gentile, anti-God, anti-Christian and “jewish.”

So why don’t you Gentile Europeans simply peel off the many layers of “your” reigning, sovereign corporate onion, or remove corporate mask from corporate mask until you get down to the bare faces of your hitherto anonymous and irresponsible regents? Because your regents (and their “European” parliament) simply won’t permit you to? Then why not simply permit yourselves?

Again, the most likely suspects as the perpetrators and owners of this brand-new “euro” and (European) “central banking” corporation are the similarly anonymous (“not-named”) owners and perpetrators of the various old (dissolved and disbanded, or reconstituted, reincorporated, consolidated?) “central” banksters of Europe—and all similar “central” money-crowns, thrones, kings and dynasties elsewhere—as in imperial (and imperious) “jewish”-Amerika). And so I would first look there.

But they too have always been corporately (and puppet-governmentally) concealed from public sight and knowledge. They too were (and remain?) the greatest, highest and most guarded national state secrets. And so to find their hidden identity, I would first look into the (known) ownership of the largest “commercial banks” of each European nation or state.

For all “commercial banks,” (like all national puppet-gov’ts), get (borrow) all their money from the “central banks” (or crowns) reigning over each state. And so all “commercial” bank(sters), (like all national puppet-gov’ts), are all under (and in secret league with) their national “central” banksters: the creators and lenders of all (debt-token, monopoly-) money “legally” allowed within each nation or state, and therefore the (corporately masked, anonymous and irresponsible) crowns, kings or dynasties lording over each and every such nation or state.

“Central” and “commercial” banksters are political/monetary/economic partners in crime. For they both create “money” out of absolutely nothing, and lend it for something—great profit in fact. “Commercial” banksters create and lend nonexistent and fictional “credit” money “fractionally based” upon “central” banksters’ debt-paper, monopoly-money. Hence the “commercial” banksters are the junior partners of the central banksters—IF NOT ONE AND THE VERY SAME SOCIOPATH, PREDATOR AND (most “wanted”) PUBLIC ENEMY. And so your greatest “commercial” banksters are your primary suspects as your “central” banksters. (See “The ‘Royal’ or ‘Central’ god of Corporations is the Mother of All other (Corporate) Abominations” below.)

So find, unmask, expose and retribute them, my dear Europa, and retake your rightful continental place and crown from them. I’ll help you, if you’ll wish me to. For I’ve always been, and yet remain, your humble servant and herald plain. (Call me, we’ll do lunch.)

* * * * *

And let me ask you something, my dear Europa: Is “your” brand-new “euro” coin or money “specie” or “fiat”? Is it a real-money or merely a token-money?

However “golden” this “euro” pretends or claims to be, it is surely an “irredeemable” paper-money, a totally goldless or silverless money, and therefore (by definition) a token-money. And even if it **were** redeemable, (which it is not), a 15 to 30% “fractionally” gold-“backed” paper-money would therefore be a 70 to 85% purely-paper or token-money. For paper is at least as worthless as cheap metal tokens.

And is “your” (or rather their) brand-new “euro” a debt-**free** token money or a **debt**-token-money? And if the latter, (and I’m sure “your” central banksters would not give nor spend their alleged paper-“gold” away), then it is surely “centrally” printed and lent (to “your” “European” parliament and “commercial” banks) by a private, “for profit” corporation—(anonymous and

therefore “unliable”)—precisely like the former “jewish” “central” banks of Europe—whoever they precisely were.

In fact it (or rather they) likewise calls itself a “central bank,” does it not? And so is this a different “central” snake, or has the old “central” snake(s) simply shed its corporate skin? And if so, then where is our mighty Apollo to slay this omnipotent “central European” python, dragon or beast? Please don’t tell me he’s dead, or never existed, or all hope is lost for you and I, my dear Europa.

* * * * *

But who are the (majority) stockholders of “your” brand-new “European” “central banking” corporation?

I’ll bet your continental crown and throne, my dear Europa, that these former “central” “jewish” banksters of England, France, Germany, etc. have presently reincorporated or “consolidated” themselves into one super-national, super-state, “central” or “royal” imperial “Beast.” But who then, my dear Europa, shall rescue and restore Beauty to her rightful place? The “holy father” “pope” of Roma, “defender of the faithful”? ’Twould be a vain hope and false faith, my dear Europa.)

Are your brand-new “royal” or “central” masters any other than the old (but still specifically unidentified) bankster kings of Europe, i.e. “RedShield” and kindred? Surely they’re not Germans, Frenchmen, Englishmen nor Kelts! Surely they’re not Christians, Mohammedans nor Buddhists! Surely they are anti-Christ “jews”: “messianists” or Satanists, “communists,” imperialists or SuperNazis!

And was it not the major stockholders of these formerly reigning “central banks” or corporate crowns of Europe who proposed this Devil’s pact to you, my dear Europa, (or rather to “your” European parliament)—this Satanic arrangement—this new, continental, supernational or imperial “central bank” installation (and hence “central” bankster coronation) over you and yours? Are they not the very same stockholders who now comprise, own, direct or control this brand-new, “European,” super-“central” corporation?—those who presently create, print and/or “issue” “your” brand-new token money, “your” “euro”? But “issue” to lend or to spend? That is the question, and surely the former is the answer.

In other words, who (through their agents or suitors) proposed to be your newly crowned corporate king(s) of Europe? (Imagine having a king or husband who never, ever showed his face?) And whose “central” proposal or hand did you accept, if any, my dear Europa?

In other words, are you an imperial whore or a noble victim of “beastly” rape?

I pray the latter, my dear Europa. For if the former I must leave you to your chosen “beastly” fate, unless of course you’ve changed your mind and now desire a divorce.

Bur since you, my dear Europa, (hopefully) had nothing to do with this dark proposal and self-damning bargain, therefore the “central” continental guilt and shame lies firmly, exclusively and extricably within “your” treasonous, anti-European, anti-Christian parliament.

Then shall we not, my dear Europa, persuade or convince all these “central” and parliamentary pie-rats to “walk the plank” into that ex-Phoenician sea in the middle of the land, or the terrain—what’s its Roman name again?

* * * * *

My dear Europa, this new “euro” of your corporately masked, anti-Christian, SuperNazi enemies, conquerors, occupiers and plunderers is more than unworthy of your name. It is worse than a cheap counterfeit of the real McCoy—(what’s her name again)? It is an evil, “beastly,” predatory money! Yet you are benevolent, honest, brave and true. How then is this evil money named after you? What impudent slander! This “euro” is no more European than Roman Catholics are genuine Christians. There’s nothing European about the “euro.” In fact the “euro” is anti-European. It is an evil, “jewish,” debt-token monopoly-monopoly brashly pretending to be golden or “good as gold.”

My dear Europa, you presently languish within the prison of your ancient, invasive, imperious, racial and religious enemies...and God’s—and within your very own continental kingdom, no less! This will not do. This must not stand.

And aren't these “beastly” SuperNazi anti-Christ the “centrally” installed and currently reigning crown heads of Europe simply by virtue (or rather vice) of their “irredeemable,” debt-token, monopoly-money “euro”?

Then why not manufacture your very own brand or stamp of money, my dear Europa, as so reign in their stead, as they now reign in yours?

The royal master makes or creates the money, and the “royal” servant takes or accepts the money. So which are you, my dear Europa: master or servant in your own house?

* * * * *

My dear Europa, my unasked-for advice to you on this new “euro” coin of theirs (“your” old (and yet new) “central” “jewish” bankster-masters) is simply this: Throw it into that sea in the middle of the land. For this misnamed coin is surely another evil “jewish” snare, exactly like the old ones of England, Germany, France, etc. It is malevolently intended to hopelessly indebt, entrap and enslave you and yours forever. And I never wanted that—on the contrary.

Therefore, my dear Europa, if you lack sufficient gold or silver to coin and use within your continental kingdom, then I propose a new token-coin for you—whether of copper, nickel, (stainless) steel or what-have-you? It should be an ample, stable, debt-free and non-monopoly token money sufficient for all exchanges within your continental kingdom at “full [24/7/365] production.” It should be spent and/or freely distributed by you, my queen, into circulation in the ratio of x ample tokens per European resident or user, (100, 200 or 300 e.g.). And you should exclusively require or demand this coin of yours for all your just and modest taxes. But otherwise let your subjects use sea-shells or buttons for money if they prefer. But they will prefer your coin, as soon and as long as they see it is just as just, good, honest, trustworthy, pure and true as are you, my dear Europa. For as all fruit is and must be of its tree, how then could your money not be like thee?

And these royal money tokens of yours should never leave your continental kingdom. For how can they be used, employed, spent and amply circulated within your kingdom if they're not even within your kingdom to be thus employed?

And these honest European tokens of yours should be used until or if such time as your kingdom, “fortress Europa,” (via her “favorable” or positive annual world-trade balances surfeits), shall have acquired enough gold or silver “bullion” to coin sufficient “specie,” and hence to replace (indeed to **truly** “redeem,” coin for coin) your hitherto token money with real.

Methinks at that time your subjects could easily be coaxed into trading their tokens in to your truly royal crown (treasury, mint) in exchange for your (and hence their) brand-new, gold or silver coins.

* * * * *

And once again I ask you, dear Europa: What in mass-murderous, Marxist “jewish” hell ever happened to all your very best men and women: your true royals, your loyal kings and queens, your genuine “aristocrats”? (The word “aristocrat,” dear reader, is from the Greek word for “best,” “aristos.”) Did their heads not fall into bloody “jewish” baskets? Did those anti-Christ demons not practice what their Satanic (Talmudic) bible ever preaches: to “kill the best of the Gentiles”?

Or have your “best men” become anti-Christ converts and tools jangling their 30-pieces of silver or “irredeemable” “euros” within their Godless, traitorous, despicable pockets? Are your very best men or “aristos” presently sucking off their “European” “central” banksters? (But this is impossible! Surely your very best men by definition would be the very last to ever do such a despicable thing!) And so therefore it is not the best but merely the mediocre or rather the lowest of the low who are presently suckling on the “royal” teats of their “central,” continental “jew”-mother-sow.

(Now there's one great big “jewish” pig, and one traitorous herd of parliamentary swine! If we could only get them to jump into that sea in the middle of the land, or else to drive them therein. Wouldn't that be grand? (Matt. 8:27-32)

* * * * *

My dear Europa, you have been beaten down into dark discouragement and despair by those “central” “jewish” pie-rats who lately ruled, ravaged and plundered you nationally, but who now do so supernationally, continentally, imperially). I would not have it so. You and your Aryan people have lost all hope in the present and the future. You’re not even reproducing yourselves and haven’t been for some time. And you’ve been invaded and inundated by and with strangers, foreigners, non-Europeans, non-Aryans. (Look at England. Look at France. Look at Europe’s underpants.) How long can this continue before I shall have to change your name forever, my dear Europa, into something far less European or Aryan?

(“Europe for the Europeans!” That’s what I say! Let’s say it together forever and a day!)

So why not recall your real McCoy to return at last to his girl and boy? Why let your crown in the gutter corrode whereby “red”-riding Paris and his “black”-brother-self rode? Look you Europa; there’s no time left to remain so blind when this way comes Hades with his subjects close behind.

* * * * *

So what have you got to lose? Let’s get together. Let’s party (monetarily and politically). Grant me diplomatic status (“foreign minister” or whatever) and I hop, fly or swim on over to see you. What do you say? We could be good for each other. You need rescuing and I don’t see anyone equal to the task—(least of all myself). Do you?

And maybe, my dear Europa, we could make beautiful music together, or even learn to love, honor and respect one other.

(Methinks me dost protest too much, “My dear Europa.” But soft, me hardy!)

But whatever you decide to do, please don’t tell your parents or the anti-“European” parliament. And most of all, should she ask, please don’t tell that nosey, jealous, vindictive, wicked witch of a wife of mine, what’s her name again?! (Heracles! She drives me to my knees!)

My dear Europa, my pagan queen, my Godless nymph, barely seventeen: “Climb on my back and we’ll go for a ride in the sky.” (Or wherever you wanna go, sweet stuff.) I ain’t no cretin but I think Crete is kinda sweet.)

What do you say? Drop me a line. Or send me a sign. We remain in peril unaligned. And it’s a nice day for a white-wedding.
